BLIC INTEREST POULTRY SHOW EAT THIS YEAR

Attendance at This Morning's Judging Proves to Be Exceptionally Good.

FORMALLY OPENED BY LIEUTENANT-GOVERNOR

Speaks of Advantages Posessed by Alberta for Development of Industry.

The second day of the Edmonton Poultry Association's annual show began this morning and in spite of the fact that the morning is usually a dull time for shows of any kind, the attendance at this morning's judging was exceptionally good. The attendance yesterday from 5 o'clock, the opening hour, was 158, and as this number refers only to paid admissions it is a safe estimate to say that at least 200 attended the opening. Today the attendance is confidently expected to exceed the 300 mark. The public interest in the show this year is keen and all concerned from the president down have expressed themselves as more than satisfied with the success which has so far attended their efforts.

The exhibition was formally opened last night in the old Presbyterian church building at the corner of Third street and Jasper avenue, by His Honor Lieutenant-Governor Bulyea. In his congratulatory address, His Honor referred especially to the peculiar advantages which Alberta possessed for the development of the poultry raising industry, and especially in the northern section, of which Edmonton is the centre. He congratulated the association on their efforts to secure the best possible grade and to extend the scope of the industry.

The gubernatorial voice was at times eclipsed by the raucous crowing of several distinguished birds of high degree, who were apparently deeply moved by the governor's flattering remarks. In fact, this particular kind of applause was so unexpected that his honor brought his address to a rather abrupt close by briefly expressing his pleasure at the sight of so many excellent birds and by declaring the show formally opened.

Mayor Short, who followed the governor found himself in the same difficulty as regards making himself heard, but assured his hearers with a smile that he was not so disconcerted as they might think, his remarks having been very much objected to lately in assemblies of another nature.

"We believe," he said, "you are holding a show which will have a profound impression on the province in general, and this city in particular. I refer to the enormous purchase of poultry that at present Alberta makes. We ought to produce all that we consume in this line, and be heavy exporters besides, and it is because, I believe, that your association is seized of that fact that you are carrying on this association. When the city of Edmonton made you a grant some time ago it was in recognition of the splendid service you are doing in this connection, and I think I may promise, on behalf of the council, that you will have still more assistance in the future."

George Harcourt Speaks.

Another distinguished speaker who addressed the bird men and their friends was George Harcourt, deputy minister of agriculture. In congratulating the association on the quality as well as the quantity of the stock exhibited, he declared that the poultry men were playing a very important role in the industry of the province. He said it was an industry open to all, but it was not everybody who took it seriously. "We have a good country for raising poultry," he said, "and we certainly ought to be able to grow at least enough to satisfy our own demands."

In the course of his address Mr. Harcourt regaled his hearers with some interesting statistics relative to the importance of the poultry raising industry. "In 1901," said the deputy minister, "there were 25 per cent. of the people of this province living in the cities and towns, in 1906 this ratio had increased to 31 per cent., and two years ago the percentage rose to the still larger figure of 37.88 per cent." To add point to this statement Mr. Harcourt emphasized the fact that the great majority of this 37.88 per cent. were non-producers of poultry. "So you can see," he concluded, "what a great field there is for expansion in this particular industry."

The judges for this year's show are J. E. Bennet, of Toronto, and Joseph Shackleton, superintendent of the government poultry farm on the south side.

The judging will in all probability be brought to an end tonight. This year's show has required a longer time for judging owing to the fact that this year's entries total 1,700, as compared with 1,100 of last year.

BANK IS ROBBED; MANAGER KILLED

Plum Coulee Institution in Manitoba Proves Scene of a Tragedy.

Plum Coulee, Man., Dec. 3 — The Bank of Montreal at this point was robbed this morning of several thousand dollars and the bank manager, Arnold, was shot dead.

Brandon, Man., Dec. 3.—Mr. Arnold is well known in Brandon, having lived there several years. His wife was Miss Grace Todd, of Brandon. While in Brandon he acted as accountant at the Union bank, and left there about one and a half years ago to take up the position as manager of the bank at Plum Coulee. He was a vestryman and very active worker in St. Mary's church at Brandon. He has no children. His father and mother reside in Sussex, near St. John, and visited him while he lived in Brandon.

MRS. PANKHURST TO BE ARRESTED ON HER ARRIVAL

Militant Suffrage Leader Will Be Taken Into Custody on the Majestic.

FOLLOWERS WILL TRY TO EFFECT A RESCUE

They Have Chartered a Ship to Chase Police Tug if She be Put Ashore.

Plymouth, Eng., Dec. 3.—Preparations have been made for the arrest of Mrs. Emmeline Pankhurst, the militant suffragette leader, on her arrival here from the United States on board the Majestic tonight. A force of suffragettes, under the command of "General" Mrs. Flora Drummond, will be on the spot ready to fight for their leader's freedom.

The chief constable at Plymouth confirmed the report that Mrs. Pankhurst is to be arrested. He spent the day preparing an adequate force to prevent an attempt at rescue by the militant suffragettes.

No unauthorized person will be allowed on board the tender which meets the Majestic on her arrival, and only the holders of special permits will be allowed to the jetty.

The militant suffragettes have been in constant wireless communication with Mrs. Pankhurst and have advised her of their plans. They expect she will be transferred to a special police tug and taken to another port, and have chartered a vessel to undertake a chase with the specially formed troop to effect her rescue.

Suffragettes Are Injured.

London, Dec. 3.—Militant suffragettes, who held an outdoor meeting at Doncaster yesterday were mobbed, and several of them injured.

A potato struck one woman in the eye. The wagon from which they were addressing the meeting was overturned and the occupants thrown to the ground. The crowd chased them through the street and mauled the women, whose clothes were almost torn off. One of the suffragettes fainted.

The militant headquarters is preparing an elaborate welcome for Mrs. Pankhurst, who arrives at Plymouth tonight. A strong detachment of militant guards has been sent to await the Majestic, and Scotland Yard men are also watching there.

The suffragettes, who were chosen for their fighting qualities, are armed with clubs, black jacks and chair legs, and there is likely to be a sharp fight if an arrest of the leader is attempted on landing.

The London plans include a tremendous mass meeting of welcome at Paddington station. Mrs. Pankhurst will address the gathering and then proceed under a strong body guard to a hotel in the west end. This is the plan if she be not arrested.

PUBLIC MEETINGS IN CITY TONIGHT.

Mayor Short will address meetings in various parts of the city tonight as follows:
Norwood school.
Elm Park, Queberg hall.
Riverdale, in Public school.
Gallagher Flats, in Public school.

Mr. McNamara will speak at the following places:
Norwood school.
Parkdale school.
McCauley school.

Separate School Meeting

A meeting of Separate school supporters will be held in the Separate school hall tomorrow evening at 8 o'clock, when addresses will be delivered by the candidates.

HUERTA'S POWER IN THE NORTH IS GOING TO PIECES

Seven Generals of the Mexican General Army are Ready to Surrender.

PROPOSALS ARE SENT TO LEADER OF THE REBELS

Provisional President's Government Bankrupt and Cannot Pay Soldiers.

Paris, Dec. 3.—Francisco De La Barra, former provisional president of Mexico, who has been Mexican minister to France for several months, left suddenly today for Japan on the receipt of orders from General Huerta. He will travel by way of Germany, Russia and Siberia.

Juarez, Dec. 3—Confident that the seven federal generals who evaculated Chihuahua City with their troops intend to seek refuge in the United States and thus be beyond danger of being taken prisoners by the rebels, General Francisco Villa today sent more rebels to attempt to intercept them.

The generals, led by General Salvadore Mercado, whose desertion of Chihuahua, and whose statements that he had no money to pay his troops, are regarded as a virtual breakdown of the Huerta dictatorship, so far as the north of Mexico is concerned, and headed for Ojinaga on the border. It is thought they will cross the river to Presidio.

At Presidio they are expected to be arrested by the United States authorities, taken to Marfa, and thence to San Antonio. Their arrest on crossing the river would follow as a matter of course under a ruling of Secretary of War Garrison.

With the generals are many subordinate officers, about 2,000 federal regular soldiers and more than 1,000 people of the wealthier class of Chihuahua, who took to flight rather than face an attack by the rebels. General Pascual Orozco and General Joe Ynez Salazar, believed to be with Mercado, under indictment, returned in the federal court in El Paso, today, for violation for the neutrality law. Salazar is out on bond, but Orozco never was arrested.

Peace Proposals Made Rule.

Jusrea, Mexico, Dec. 23.—Seven generals of the Mexican regular army are ready to surrender, and the backbone of the Huerta dictatorship in the north has been broken.

A peace commission arrived in Juarez last night bearing terms of the surrender. The Peace Commission was headed by Odilon Hernandez who came from Chihuahua, bearing a proclamation signed by Gen. Salvador Hercado, Huerta's military governor and commander of the federal forces in all the north.

The proclamation stated that the Huerta government was bankrupt and was unable to pay its soldiers

The simultaneous evacuation of other federal strongholds in the north is believed by the rebels to be the result of a concerted decision to abandon the whole of northern Mexico.

The peace proposals were sent by General Mercado to General Francisco Villa rebel leader, through Federico Moye civil governor of Chihuahua state appointed adinterim. Along with it came an appeal signed by all the foreign consuls in Chihuahua calling upon Villa to give protection to the citizens of Chihuahua city. General Mercado's proclamation said:

"Under the circumstances which have existed in Chihuahua, it has been deemed necessary for the federal troops to evacuate. I leave in charge Federico Koyo, a person who is not identified with politics and who is therefore qualified to give full protection to foreigners. It is impossible to remain here longer as there is no money with which to pay the troops."

Proposal to Villa.

The peace committee proposed to General Villa that all non-combatants who sought safety by fleeing to the border be permitted to go without being fired upon, and all the federals including 200 soldiers left on police duty in Chihuahua city be pardoned. It also asked clemency for the federal officials, but it thought the federal leaders will seek safety by crossing the border into the United States, possibly near Ojinaga. The peace commission stated that before leaving Chihuahua, the federals destroyed all the postage and government revenue stamps. That there existed practically no money in the city and that 2,000 citizens had left with the troops, most of them being those who were rich and feared harsh treatment.

The commission started back to Chihuahua with General Villa's assurances that people of all classes in the city and including the federal police would be protected, and that he would despatch troops to garrison the place as soon as possible.

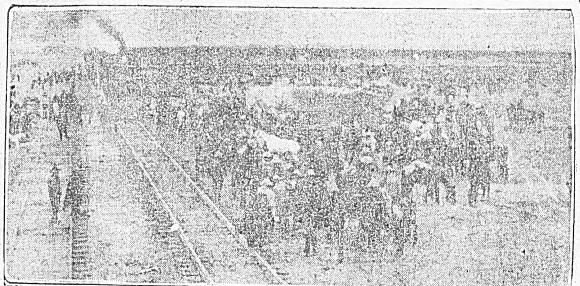
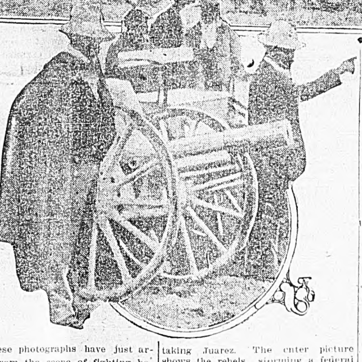
REAL BATTLE PICTURES ARRIVE FROM MEXICO.





These photographs have just arrived from the scene of fighting between federals and rbels near Juarez, Mexico. The top picture shows the rebels entraining preparatory to advancing on the battle line of the federal forces, mobilized for the purpose of retaking Juarez. The enter picture shows the rebels storming a federal breastwork for a hand to hand encounter after the rebel artillery had riddled the fighting front of the federals. The lower photograph shows General Villa, commander of the rebels, directing the advance of his forces.

ONE LITTLE INKSPOT AND J.J. HILL CAUSE OF A SHAKEUP IN HIS BANK

St. Paul, Dec. 3.—One little inkspot is reported to have caused a shake up in J. J. Hill's first national bank that yesterday resulted in the resignations of W. A. Miller, vice-president and F. A. Neinhauser, cashier. The same little ink spot may bring about other resignations soon and again reorganize the bank's working force.

As the story goes L. W. Hill, recently received a statement of his account. A clerk, in making out the statement, let a drop of ink fall upon the figures.

It came under the eye of J. J. Hill, who, according to the report already had something on his mind he had intended saying to officials of the bank. So he called a hurried meeting of directors and relieved his mind, talking extensively, it is said, around the little ink spot.

MANSLAUGHTER CHARGED AGAINST A DOCTOR

Carelessness and Neglect is Alleged in the Administration of Chloroform.

Minneapolis, Dec. 3.—Dr. Charles H. Hunter, indicted by the grand jury on a charge of manslaughter in the first degree, growing out of the death of Naimi Pihkl at his office November 23, was arrested today by Deputy Sheriff Joseph Schutta and taken to the sheriff's office, and was to be arraigned today before District Judge Chas. S. Jelley. The indictment charged carelessness and neglect in the use of chloroform in performing an operation upon Naimi Pihkl, of New York mills, Minnesota. Dr. Hunter was expected to plead not guilty, with an arrangement that the trial be expedited.

GEORGE BARNES IS MISSING.

London, Dec. 3.—George Barnes, a prosperous farmer in Western Canada, who sailed from Montreal on the Virginian on November 4, has not been seen since he left the ship at Liverpool.

FOUND HELPLESS AND DYING NEAR STATION

Edward Wray, Doped While Drinking, is Picked up Near C.N.R.

Found near the C.N.R. station at 11.10 last night by C.N.R. Patrolman Stevens, in an apparently helpless, intoxicated and dying condition, Edward Wray was picked up by the police patrol and whisked to the station. Immediately it was discovered that Wray's trouble was not drink alone, but that he was violently ill. He was at once removed to the Strathcona hospital, where his mother and sister are at the present time waiting for the young man to breathe his last.

Wray is between 23 and 25 years of age, and had recently been employed as a mine worker. He had been drinking Tuesday afternoon in company with his brother-in-law, Fred Hunter, and both were apparently doped at some place where they had been drinking. Just where that place is has not yet been discovered, although the police are doing their utmost to find the parties who sold the goods.

Dr. Wright attended the man soon after he had been taken in charge by the police. Wray and his brother-in-law live at 253 Columbia avenue. When called by the Capital at the time of going to press, the nurse stated that Wray was still unconscious.

ANOTHER VICTIM OF THE TROUBLE IN INDIANAPOLIS

Crowd Attacks a Wagon and a Boy is Shot in the Leg by Strike Breakers.

THOSE WHO DID SHOOTING ARE TAKEN INTO CUSTODY

Officers of Teamsters' Union Are Trying to Get Agreement from Employers.

Indianapolis, Dec. 3—Officials of the teamsters' union which have been on strike here since midnight Sunday, began a concerted effort today to get employers to sign a tentative agreement binding for 10 days. The only demands are that the employers pay the minimum union scale and do not discriminate against union men.

It was said at labor headquarters that the employees of team owners who sign agreement probably would be permitted to return to work, although Thomas J. Farrell, general organizer of the union, has declared that no one should return to work until 1,500 men were insured union conditions and wages. Fewer persons were on the streets today than at any time since the strike began.

Eugene Luttledge, 18 years old, was shot in the leg just before noon when a crowd attacking a coal wagon, was fired upon by strike breakers on the wagon. The five men on the wagon who were arrested, said they had been sent here from Chicago by a detective agency to guard wagons. They did not have special police powers.

No garbage has been collected in the city since Saturday. One hotel notified the city board of health today that it had 100 barrels of garbage on hand and asked what to do with it. City Sanitarian Herman Morgan has asked that all residents sprinkle lime over the garbage to prevent the possible outbreak of disease.

Fifty business men were sworn in as the citizens cavalry today. They volunteered to assist the mounted police. Thus far the regular police have been able to handle the situation without calling out the business men's reserve, now numbering more than 700, who were sworn in Sunday night and Monday.

PUBLIC SUBSCRIBES ONLY HALF.

London, Dec. 3.—The Canadian Associated Press understands that the public have subscribed only 50 per cent. of the city of Toronto 4½ per cent. loan at 97½, 50 per cent. being left with the underwriters. The issue is now quoted at 1¼ discount

TWENTY-FIVE ARE KILLED IN A FIRE IN BOSTON HOTEL

Others Are Missing and More Are Injured as the Result of the Flames.

MANY ARE RESCUED BY MEANS OF LIFE NETS

Nearly All the Bodies of the Victims Terribly Burned and Mutilated.

Boston, Mass., Dec. 3.—Twenty-five men were killed in a fire which swept through the upper floors of the Arcadia hotel, a lodging house in the south end, early today. Others are missing. Scores were injured jumping from windows and others suffered severe burns. Nearly all the bodies were terribly burned and mutilated making identification impossible. The victims were men in poor circumstances who had resorted to the place for a night's lodging. Caught in the crowded bunks on the top floor of the five-sctory brick building and in the small rooms on the fourth floor, they were helpless. When they weer aroused the stairways were in flames and there was a mad rush for the fire escapes at the rear. Practically all the men were naked. Many were rescued by the firmemen and police. Some escapd by walking a shaky plank stretched to an adjoining building or by jumping across a five foot alley to neighboring roofs.

The property loss is only $25,000. The Arcadia was located at the corner of Washington and LaConia streets. The lower floors were occupied by stores.

Starts in Hallway.

The fire apparently started in a hall way close to the street floor. Flames swept up to the woden stairs and burned through the roof. According to William Walsh, the night clerk, there were 178 lodgers in the building when the fire was discovered by a passing newsboy. After turning in an alarm he rushed into the building, awakening the men with his shouts. The top floor was one large room filled with cots and bunks. On the fourth floor where the loss of life was heaviest, there were 30 tiny rooms like cells, with two cots in each. A hallway ran through the centre. Nearly all those occuying rooms in the front of the building perished. The men in the rear rooms, opening on the fire escape, had locked the doors, when they went to bed, and those in front were unable to reach the fire escapes.

When the firemen arrived, flames were shooting 20 feet in the air from the windows on the fourth and fifth floors, and the fire escapes and the roof were a mass of shrieking, struggling humanity. Despite shouts of assurance from below, three men jumped from the roof. Two were instantly killed, the third who had wrapped a mattress about him, escaped with a few bruises.

In Crowded District.

Life nets were quickly stretched by the firemen and many were rescued in this manner. Others were taken down ladders while the flames swept about them. The intense heat soon drove the firemen from their ladders and made it necessary to fight the fire from the street and from the elevated railway structure in front of the building.

The fire was in the heart of a crowded tenement and lower class district. Hundreds of occupants of adjoining buildings rushed to the street when the great quantity of apparatus called out by three alarms, clanged up to their doors. Scores of excited foreigners crowded about the burning building and impeded the firemen in their work. A large squad of police had great difficulty in forcing back the throng.

It was nearly an hour after the firemen arrived before they were able to enter the lodging house.

Before the ruins had cooled two investigations were begun, one was undertaken by the grand jury, who viewed the scene and prepared to hear testimony regarding the manner in which owners and leasers of the property had observed the building and fire regulations. The other, by the building inspection department of the city, was started under orders from Mayor Fitzgerald.

WOULD REQUIRE SOLOMON'S WISDOM

Roseberry in Quandary as to Disposal of Burns' Manuscript.

Glasgow, Dec. 3—The Earl of Rosebery will require to possess the judgment of Solomon, if he is to satisfy all parties by his decision as to whom the Burns Glenriddell manuscripts, bought by John Gribbell, of Philadelphia, and to be given by him to a Scottish institution, recommended by Lord Rosebery, shall go. The Glasgow Herald says editorially today: "Quite a number of institutes can advance plausible claims to possession. First comes Dumfries, where a public-spirited effort is being made to establish in the house where Burns died, a collection worthy of the poet's association with the town.

"The cottage at Alloway also suggests itself as a fitting repository, but that flourishing institution already possesses an excellent collection of Burnsiana.

Kilmarnock, as the home of the Burns federation, can likewise afford to let the Glenriddell manuscripts go to some less fortunate institution.

"There remain Edinburgh and Glasgow. The metropolis has a substantial gathering of relics in the municipal museum. The city is Lord Rosebery's near neighbor, and he might look tenderly upon a request made on its behalf. There is also a burgess of Glasgow which is not too richly endowed with personal memorials of the past, and yet could present a claim deserving consideration for a share of those being returned from America."

The Glasgow Herald proceeds to present local arguments and concludes:

"Lord Roseberry may be asked to consider all these claims, and others."

Lord Roseberry, who is at Dalmeny House, Edinburgh, is not at present prepared to express an opinion.

FIREMAN BADLY INJURED.

Winnipeg, Dec. 3.—Driving at full speed last night, in answer to a Fort Rouge alarm, J. Todd, driver of truck No. 3 of the fire department was thrown violently to the ground and his arm was broken in two places, when a snap broke on the collar of one of the horses. As soon as the snap broke, letting down one of the traces, the big truck gave a sudden lurch and threw the driver off.

HINDUS IN PERJURY CASE.

Vancouver, Dec. 3.—The charge against the four Hindus who were arrested yesterday now turns out to be perjury. It arose in this way: Another Hindu came to this country saying he had returned from a visit to India and the four Hindus to swear that that was so. It transpired that he had never been here and the warrants were at once issued for their and his arrest. He was ordered to be deported and the others are awaiting their trial.

THE HUMAN BAKE OVEN

J. H. Hogg, a Well-known Athlete, Now in the Employ of the City of Calgary, Freed from Rheumatism After Fifteen Treatments.

J. H. HOGG,
714 22rd Ave. East, Calgary.

Mr. Hogg, who has wrestled some of the best men of his weight in England and Canada, is, as his picture shows, a strong, healthy and active man. He declares he was fully restored, after suffering from rheumatism, by the Human Bake Oven treatment as used at the Edmonton Sanatorium.

Read what he says in his voluntary testimonial:

"I suffered from rheumatism following an attack of scarlet fever. I took 15 Human Bake Oven treatments and I am cured. I am now in the employ of the city of Calgary, and can now go back to my work. I heartily recommend the Bake Oven treatment to those suffering from rheumatism."

MOSLEM WOMAN GOING TO FLY AS A MEANS OF UPLIFTING SISTERS

Constantinople, Dec. 3.—A Moslem woman, Selkia Sheffiet, will make an aeroplane flight today. She belongs to the Ottoman Association for the Defense of Female Rights in Turkey, and contributes to the Turkish weekly newspaper, the Word of Women. Mme. Sheffiet has arranged to fly with a pilot from the aerodrome at San Stefano to Adrianople, weather permitting. She declares she is doing it to encourage Moslem women to take an independent and courageous view of life.

Her spirit and independence are much ahead of existing feeling in Turkey, and the orthodox majority of her sisters are said to look upon her as a shameless imitator of the barbaric west.

It is interesting to add that the Sultan recently sent an automobile to the Emir of Mecca.

AEROPLANES BOMBARDED HIGH IN AIR BY GUN FROM A TOWN ON THE DANUBE

Belgrade, Dec. 3.—Jules Vedrines, who is attempting to fly around the world, has just arrived here. He declares he was made a target by Austrian fortress guns at the town of Varadino, on the Danube.

"I was about 4,000 feet up," he said, "and happily the machine was not injured, but the concussion of the air was tremendous and nearly caused the monoplane to capsize. I ascended quickly to 9,000 feet, and from that position laughed at the barbarity of that great power."

CHILDREN MUST GO TO SCHOOL OR BE TAKEN BY OFFICER

Hon. J. R. Boyle Talks of Law and How It Is Being Enforced in Province.

ACT PROHIBITS PUPILS WORKING DURING SESSION

Boys and Girls Between the Ages of Seven and 14 to Put in Full Term.

The Honorable John R. Boyle, K.C., Minister of education, has given out the following interview with respect to compulsory education in this Province:—

"This Province is well supplied with public schools; even the remote settlements are, under our laws, able to organize a school district as soon as they have eight of school age within radius of 4½ miles square, and you will find that following settlement promptly all through the remote parts of the Province the "little red schoolhouse" is being erected.

School attendance is compulsory. All towns and cities in the Province are required to employ truant officers for the enforcement of the Act. Besides the local officers the Province is at liberty to appoint truant officers with provincial jurisdiction. Our School Inspectors report that the law is being well enforced by the local authorities in the towns and cities, and of course it we should find that any town community is lax in its enforcement we would exercise the power conferred by law to have a provincial truant officer enforce the Act. In rural and village communities the department of Education undertakes the duties of compelling attendance at school. All children between the ages of Seven and Fourteen are required to attend school during the full term unless excused by sickness or other unavoidable cause. Employment of children during school hours is prohibited by law. Belief educated at home or in a private school is not an excuse under our Truancy Act unless a certificate of public school inspector can be produced showing that the child is receiving proper instructions.

Law As Amended.

The law was amended at the last session of the Legislature to make it more workable and I think that now we have a very satisfactory Act. Our organization for enforcement in the village and rural communities is as follows:—Our chief truancy officer is Mr. M. M. O'Brien, who has all the necessary assistance he requires for the purpose; all our school inspectors are truant officers with provincial jurisdiction; Mr. O'Brien requires every teacher to furnish every three months a truancy report with respect to his or her school, giving full particulars of all children of school age in district, who either have not been attending at all or have not been attending regularly, giving reasons where they are known by the teacher for any such failure of attendance and supplying the names and post-office addresses of the parents of the children in each case. Upon receipt of these reports they are checked up by Mr. O'Brien and his staff and letters are written to parents of the children reported warning them as to the penalties provided by the Act and this is followed up within a month by a letter to the teacher asking for another report upon the children of the parents so notified. It is found that in most cases the letter of warning is sufficient to cause the regular attendance of the children but if it is found that from the report of the teacher the letter has not had the desired effect then the School Inspector for the district is instructed to take the necessary proceedings under the Act to have the parents brought before a magistrate and fined. Our inspectors all report that the very fact that we are keeping a close check upon the children that are not attending school regularly and that we are enforcing the law is having a splendid beneficial effect upon the school attendance, of course a great deal of tact and good judgment is required on the part of the chief truant officer.

Must Attend Regularly.

It is, however, as important that schools be kept open during the whole school year as that children attend regularly schools that are open. Until the last session of the legislature we were not at liberty to compel a district to keep their school open for more than 160 days unless there were at least 20 children of school age in the the district. It is obvious that it is almost as important that a district with only 19 children be kept open the full year, as that with 20 children, and the law has been amended now so that schools cannot be closed for a portion of the year except with the consent of the department. The secretary-treasurer of each district is required to notify the department at once if a school is closed and the department make investigation and find out whether the circumstances justify the closing of the school or not. If, in the opinion of the department, closing the school is not justified, we see that it is opened either by the local board or by an official trustee appointed by the department. I believe that under the amended act we will be able to increase not only the percentage of attendance at the schools that are opened, but will very greatly increase the number of teaching days that the schools of the province are open during the year.

CHANCE FOR TREMBLAY.

Winnipeg, Dec. 3.—Walter Miller, who disposed of Eugene Tremblay in two straight falls when a spectacular wrestling match here was held, has agreed to again give the Montreal star a chance at the welterweight championship.

They will meet at the Walker theatre here on December 15 or 16, the date not being definite yet, and Miller must weigh 145 at 2 o'clock the day of the match, and the toe hold will be barred.

TODAY IN PUGILISTIC ANNALS

1759—Bill Stevens, "the Nailer," defeated Jake Taplin, "the Coal Heaver," in a long and sensational battle in England. This brought Stevens into prominence, and the following April he won the championship by whipping Jack Slack, "the Norwich Butcher," who had held the title 10 years. The accession of Stevens brought about a condition such as now exists in the heavyweight division. Stevens was a dishonest fighter, and lost popular favor by faking a bout with George Megg, "the Bristol coffee." For a decade the title was claimed by various second-raters, including Moges, Davis, Corcoran, Sellers and various other fighters of about the ability of the "white hopes" of the present. Then came Tom Johnson, and England had another real champion.

1909—Kid Farmer won on foul from Jack Britton in 3rd round at Savannah.

1912—Johnny Kilbane stopped Monte Attell in 9th round at Cleveland.

ECUADOR REBELS ROUTED.

Guayquil, Dec. 3.—A serious engagement took place yesterday when a newly organized band of rebels attacked the town of Milagro. After three hours fighting the rebels were routed, as far as known one of the rebels were killed, several were wounded and 18 were made prisoners. The government forces lost four killed and six wounded.

NUMBER 23 THE PROPRIETORS

WAS TROUBLED WITH BOILS AND CARBUNCLES.

There is no more frequent source of illness than that arising from bad blood, for when the blood becomes impure, it is only natural that boils, pimples or some other indication of bad blood should break out of the system.

Boils in themselves are not a dangerous trouble, but still at the same time are very painful, and the only way to get rid of them is to cleanse the blood of the impurities. Cleanse it thoroughly by the use of Burdock Blood Bitters, that old and reliable blood medicine that has been on the market for nearly forty years.

Mr. James Wilds, Plaster Rock, N.B., writes:—"I was greatly troubled, a few years ago, with boils and carbuncles, and the doctor told me I was in a bad condition. My appetite failed me, I began to lose strength, and was pretty well run down when one of my friends recommended Burdock Blood Bitters. After using three bottles I began to feel like another man. My troubles soon left me, and to-day I can certainly give Burdock Blood Bitters a high recommendation to my friends."

FRENCH CABINET IS DEFEATED ON RENTES TAXATION

Opposition Claimed Immunity Would Enable Evasion of Taxes.

GOVERNMENT STOOD PAT; DEFEATED 291 TO 270

President Finds Some Difficulty in Choosing New Premier.

Paris, Dec. 3—The government of Premier Barthou was defeated by a vote of 290 to 265 in the chamber of deputies last evening on the question of whether the new loan of $260,000,000 should be subject to taxation or immune like the existing rentes.

As soon as the vote placing the government in the minority by 25 was read the ministers left the chambers in a body and proceeded to Elysee palace, where they handed their resignations to President Poincare. "The ministry, headed by J. Louis Barthou, after a long and vigorous defence, fell before the combined attacks of the recently reorganized radical party under the ex-Premier Cailleaux, and the socialists, led by M. Jaurez. The government by a narrow margin yesterday was victorious in a trial of strenth against the opposition, the new loan being approved by a vote of 291 to 270.

The debate yesterday was on the question of extending to the new loan the same immunity from taxation as was enjoyed by the old rentes, and the government again made it a question of a vote of confidence. The opposition urged that to exempt the new rate would enable those investing exclusively in these to evade unfairly the projected income tax. Premier Barthou and M. Dumont, the minister of finance, made eloquent appeals to the chamber to respect the traditional immunity of the rentes. To lay this tax, they declared, would deal a deadly blow to the financial prestige of France, but their appeals fell on deaf ears. The sitting grew more uproarious and frequently the president rang his bell in a vain attempt to obtain order. The result of the vote was greeted with wild cheering by the members of the opposition while the government forces appeared greatly depressed.

Paris, Dec. 3—All the parties agree that the ministerial crisis precipitated by the vote in the chamber creates a situation of exceptional gravity. The first immediate consequence is indefinitely to postpone the issue of the loan which the necessity to meet the extraordinary military expenditures makes indispensable. It is also generally feared that the prospect of a tax on rentes will seriously affect the national credit.

Some of the political leaders declare that it is not a mere ministerial crisis but an economic financial and social crisis, such as France has not seen in many years.

Successor a Difficult Problem.

In finding a successor for M. Barthou, President Poincare is faced by a task of unusual difficulty and delicacy on account of the radical divergence on capital questions existing between the various groups composing the republican majority. M. Cailleaux as the leader of the victorious party is entitled by tradition to the premiership, but he is opposed to the system of three years' military service and to proportional representation, both of which were recently voted by the present chamber. Besides, yesterday's vote, whereby M. Cailleaux succeeded in beating the government is almost certain to be reversed by the senate.

President Poincare will consult today with the presidents of the senate and the chamber, M. Cailleaux, and other leaders, but it is not expected his decision will be taken before Thursday at the earliest. Among those most prominently mentioned for the premiership are Paul Deschanel, president of the chamber, and Jean Dupuy, former minister of public works.

MUCH DEBATE IN MILITARY CIRCLES AS TO CORRUPTION

Will Army Council Have Courage to Search List of Shareholders.

HOW MANY NAMES OF OFFICERS APPEAR THERE?

Charged That the War Office Itself is Not Free From Taint.

London, Dec. 3.—There is still much talk, both in military and civilian circles over the charges of corruption brought against certain quartermasters in charge of the army commissariat service.

The Daily Citizen, the labor organ today publishes a letter from a military correspondent, who asks whether the army council will be courageous enough to search the list of share-holders of the big army contractors and ascertain how many officers whose names appear there, received their shares as presents. He asserts that the war office is not free from taint itself. It has officers who have lived on credit for years, secure by the immunity which their rank gives them.

The surprise is not the discovery of corruption, but it is the action taken that arouses everybody in the army expects to be bribed by tradesmen. Officers' bills are allowed to run until they lapse, so as not to endanger the regimental mess and the tradesman make good by sticking it unto "Tommy." In this latest anti-bribery crusade, Tommy sees not an attempt to save his pocket but a direct movement to deprive him of his only chance of gaining an officer's commission.

He believes that the real crusade has another object, namely the abolition of the quartermasterships, which are steps to promotion, whether the present charges be proven or not.

SUPPLIED ARMS AND AMMUNITION TO STRIKERS

Robert Ulich, President of Union, Confirms Charge That He Did So.

Trinidad, Col., Dec. 3—Robert Ulych, president of the local union of United Mine Workers of America, last night confirmed before the military commission to having supplied strikers at the Ludlow tent colony with arms and ammunition on October 72, 1913, the day preceding the fight at Ludlow, in which one man was killed.

Announcement of this confirmation was made by members of the militia last night. Ulych told the commission he was of German birth, and an unnaturalized resident of the United States and he would not become naturalized because he did not approve of many things for which the American government stands.

Ulych is one of the union officials indicted by the federal grand jury at Pueblo on Monday, charged with violating the Sherman anti-trust law.

Attack is Made Upon the Guards While They Are Escorting Miners to Work—Fired Upon by a Party of About 40—Sheriff Succeeds in Making Sixteen Arrests.

Calumet, Mich., Dec. 3—While 15 deputies and nine guards were escorting men to work at the Champion mine at Painesdale last night, they were fired upon by a party of about 40 men. The fire was returned. Many shots were exchanged. The members of the attacking party finally fled, some of them barricading themselves in a nearby house.

Sheriff Crusie ordered a force of deputies to Painesdale with orders to break into the house and arrest them.

The men in the house fired on the sheriff and his deputies when they attempted to enter the building. The deputies returned the fire and forced an entrance.

They arrested 16 men and took five rifles and 11 revolvers from the prisoners.

An attack was made on the sheriff's automobile while the deputies were on their way to make the arrests, several shots being fired, five bullets striking the auto. A striker was arrested.

TRIES TO PIT SISTERS AGAINST EACH OTHER

London, Dec. 3.—The announcement of Lady Warwick's acceptance of the editorship of a woman's page in a pictorial morning newspaper, has prompted an enterprising competitor to ask the Duchess of Sutherland to "name her own terms" to act in a similar capacity for it.

As the Duchess of Sutherland is Lady Warwick's half sister, the idea of pitting them against one another gave promise of some sensational "scoops," but, unfortunately, as Lady Warwick laughingly told the correspondent: "My sister does not go in for that sort of thing," meaning journalism.

MAYOR SHORT DISCUSSES MUCH NEEDED CHANGES IN SYSTEM

Accounts Should Be Audited Before Being Paid—Defends Local Improvement Plan—Every Man Should Pay for Just What He Gets.

At the meeting on the Ross Flats, solicitors had called him up and stated that it was not fair to Kleinworts to place too much blame upon them, as they had had to take up 54 per cent. of the issue themselves. His worship said he hadn't any too much love for the Kleinworts, but it was only fair to say that they had experienced the difficulties of a heavy market, and this was one of the reasons why the city could not afford to enter upon a law suit, since the banks would not advance money and there was nowhere else to go for it but to Kleinworts.

Challenge Not Accepted.

The mayor said his opponent had not yet seen fit to accept his challenge to have a judge of the supreme court pronounce upon the validity of the first agreement, the loser to forfeit some fixed amount to some one of the city hospitals. Discussing the matters which he hoped to deal with during the year, if elected, Mr. Short said it had been the custom in the past to submit only general estimates of the requirements for the coming year's work. He wished to change that system and had already made a start in that direction. The local improvement had now prepared a complete list of the improvements to be done during the next year, but more than that are to be got. When the list comes before the council for consideration it will be shown when and where the work is to be done. Plans and profiles for every part of the work and the estimates accompanying them must be as exact as it is possible to make them. He said he was going to start the work right or he was not going to start it at all, and, further, he was going to have matters arranged so that when the citizens bring in a petition to have certain work done, they will be informed just how much it will cost before it is begun, and if they are of opinion that the cost will be too high, then they need not have it done.

Where the Money Comes From.

They should have a very definite idea as to where the money is coming from before they start the year's work, and, said the mayor, in referring to the $5,000,000 deficit of last year, "I hope that as long as Edmonton is Edmonton that will never be permitted to happen again. A condition such as that was fundamentally wrong. Referring to past errors, his worship said he wanted to correct for the future, rather to dwell on the past. As showing one of the ways in which better work could be carried on through the cost engineer or efficiency engineer, he instanced the caterpillar tractors, which cost $35,000. It had been said when these were purchased that they would save a great deal of money in hauling earth and gravel. As a matter of fact it had been found that not only could they be hauled cheaper by teams, but in doing so, employment was furnished for many men, which was a very desirable thing to do whenever possible. It was one of the requisites of trusteeship the trust funds should not be used for speculative purposes, and it was a fact that the mayor and council were but the trustee of the people. Before starting to invest in any new idea like these tractors careful inquiry should have been made in other cities as to the experience in those places with them. That was only one of the duties of the cost engineer. It is his business to collect and sift all such information before money was spent in any new venture.

Should be on Frontage Basis.

The placing of local improvements on a frontage basis and making the properties benefited bear the whole cost had been criticized in some quarters, but careful consideration would convince anyone that such a system was absolutely just. In respect to paving, under the old system, in which the city bore a portion of the cost, the business property downtown did not pay as high a proportion of the cost as did the outlying property. On Jasper avenue two-thirds of the cost was charged to owners and the city paid the other third, but when other streets were paved the owners of the adjoining property paid four-fifths of the cost and the city only one-fifth. Thus, although property owners on Jasper avenue profited more by the improvements, they paid less. His worship said the only way of carrying on civic business was to have local self-government to the hilt. Each block or street would practically govern itself so long as its demands did not interfere with the rights of others, and that street or block would only pay for what it gets. Before he was commissioned said the mayor, he was not content to go back and continue the old method of loosely handling the material and money belonging to the city, and he would do his best to stop it no matter who should suffer in the change. He proposed to bring about such a change as effort an audit of all accounts before they were paid, and in which the council would authorize payment instead of a few men who were not responsible to the people. These accounts will be placed in such shape that it will be easy to tell how any account stands at any time.

Other Candidates

Alderman Walsh placed himself squarely on record as being in favor of removing the pumping plant and intake pipe, so as to escape any possible contamination and consequent sickness throughout the city. He said it had been charged that they had meddled with the departments, "that," said he, "who has a better right to meddle when we find things that require meddling with?" They had only meddled where they had seen things that should be changed for the better.

It has been estimated that 4,708,000,000 wood screws are used in the United States each year.

SPEND NIGHT IN STREETS.

Rome, Dec. 3.—A thousand inhabitants of Messina spent the night in the streets, through a panic caused by the most violent earthquake since the catastrophe of 1905.

LAURIER TO ADDRESS STUDENTS

He is Going to Toronto and There He Will Deliver Several Speeches.

Ottawa, Dec. 3.—Sir Wilfrid Laurier will go to Toronto December 15 to address the students of the university of Toronto, and to attend the formal opening of the new Ontario club. On the afternoon of December 16, Sir Wilfrid will speak to the students of Knox college and make a brief address before the university debating union. At night he will speak at a meeting of the university college literary society. The Ontario club function will be held either December 15 or December 17. An oil painting of Sir Wilfrid will be unveiled on that occasion.

PRINCE ACTS AS FAG.

London, Dec. 3—Prince Henry, the third son of King George, who is just completing his third term at Eton, is acting as fag to Viscount Gage, who came into his title last year. The prince is said to be an unusually bright boy. He takes a keen interest in mechanics and speaks French and German colloquially like a native.

New York city now has over 500,000 telephones, which is more than double the number in London.

ALBERTA MAY HAVE SEATS IN GROUPS

Proposition Submitted to Hon. Robert Rogers by Members From West.

Montreal, Dec. 3.—A Montreal Star special from Ottawa says that under the provisions of the redistribution bill to be introduced next session Alberta will be divided into groups or districts not unlike the idea long in vogue in Quebec province. Medicine Hat district, Lethbridge City and Medicine Hat will have three seats. It is now represented by Dr. Warnock, M.P., and Wm. Buchanan, M.P.

Calgary city now represented by R. B. Bennett, M.P., will have two seats designated as North and South Calgary, the latter taking in High River. The Gleichen district is given one seat. In Red Deer, Dr. Clark's division, remains about the same as before.

Edmonton is given one seat, including Fort Saskatchewan. The Strathcona constituency will run south and include Pemoka. Victoria constituency, represented by Mr. White, M. P., remains unchanged.

The Wainwright district is the centre of a constituency including all the territory from range twelve east to the boundary of the province.

In the matter of redistribution, the despatch says the Liberals were consulted in almost every district.

This arrangement, it is explained, has been submitted to Hon. Robert Rogers by a number of western Conservatives, but the minister asked that consideration of the proposal be postponed until Senator Lougheed and Hon. Arthur Meighen are in the capital.

PHYSICIANS ARE NOT RUINED

Their Statements Are Refuted Remarkably by the Logic of Facts.

London, Dec. 3.—The laments of the medical profession when Mr. Lloyd George introduced his state insurance bill that they would be ruined, has had remarkable refutation by the logic of facts. So well are the doctors doing, that it is now impossible to find medical men who will accept public appointments. Indeed, the government is to be asked when parliament reassembles to appoint a commission to enquire into the extraordinary shortage of doctors willing to accept public positions. Posts, which a year ago brought 50 or more applicants, have now been advertised for eight months without a single reply, despite the fact that the salaries have been doubled.

Baltimore, Md., water board will expend $979,000 in the coming year.

LARKIN'S CRUSADE SQUELCHED

Trades Union Congress to Consider the Strike Situation in Dublin.

London, Dec. 3.—There is good authority for the statement that the trades union congress will be called for this week, to consider the strike situation in Dublin, will not raise any form of sympathetic action but will demand the recognition of the workers choice of a union, the establishment of a wage board in Dublin, and the forcing of the employers to yield by the withdrawal of the police protection.

In addition the offer will be made of further financial assistance to the strikers in Dublin of $72,500 a week.

Thus Larkin's firy cross crusade will be definitely squelched.

WESTERN BUSINESS IS GOOD.

Vice-President of C.N.R. Discusses What He Learned on Recent Trip.

Toronto, Dec. 3.—"Business conditions in the west are sound; there is no overproduction in any sense, and the merchants and manufacturers are carrying minimum stocks."

These were the words of D. B. Hanna, vice-president of the C.N.R., who has just returned from a trip to the west, where he has been to feel "the pulse" of affairs.

"I have been assured," Mr. Hanna continued, "by a number of wholesalers that it is very many years since either they or the retailers carried such small stocks.

"I was much impressed with the growth of the livestock industry," Mr. Hanna continued, "it is very perceptibly on the increase. The growth in the number of hogs in Alberta is especially marked.

"Last year over a million dollars was paid out in and around Winnipeg for poultry and butter, while the small products of the farm that were imported should have been produced in the country, the finest in the world for the purpose. But the effects of sane farming is to be seen and felt. The farmer will grow away from depending entirely on the growing of grain. Truck farming is still in its infancy, but there has been lots of money in it. The people of the west are progressive and will not let such possibilities go by unheeded."

CANADIANS TO HEAR BRYAN

American Secretary of State Accepts Invitation to Deliver Address.

New York, Dec. 3.—W. J. Bryan, secretary of state, has accepted the invitation of the Canadian society to address the members and their guests at the annual dinner, which takes place at Delmonico's on December 11. W. T. White, minister of finance, will speak for the Canadian government, while W. L. Mackenzie-King, ex-minister of labor, and Sir John Willison, editor of the Toronto News, Mr. Justice Riddell, Toronto, and Viscount Campden, of the British embassy at Washington, will be among the other speakers. Among the other guests who are expected to attend from Canada are ex-Justice J. A. Ouimet and T. Chase Casgrain, K.C., Montreal, and Mr. Justice Craig, of Toronto.

WOMAN INVENTS POWDER.

Dresden, Saxony, Dec. 3.—The Saxon war ministery has been testing powder recently invented which produces stupification. It is claimed the gas from a single bomb has thrown several hundred men into a deep sleep lasting seven or eight hours. The inventor is a woman, Ida Boehm, and the Prussian military authorities have asked her to go to Berlin to demonstrate the efficiency of her invention.

ONE DOPESTER WHO MIXED HIS DOPE.

Next to prognosticating on elections, forecasting redistribution is lately becoming one of the greatest political pastimes, and it is a poor day when some scribe does not send a message to the palpitating west indicating how the country is going to be divided in the next session of the house. The latest is one emanating from Calgary, which intends to show that the arrangement is one by which Calgary is to be divided three ways and a large section of adjacent territory taken in so as to use the overwhelmingly conservative vote in Calgary to swing three constituencies, one to the north, one to the south and one to the east of the city, into the conservative column. It also appears to be presumed that Edmonton and Strathcona are both conservative, as a large area of adjacent territory is attached to the constituencies of these cities as well.

The difficulty with the story is that the man who wrote it did not know Alberta conditions. To split Calgary three ways and take in the whole surrounding territory would be to lose all three constituencies to the conservatives. Anyone who knows Didsbury, Bow Valley, Gleichen and the other adjacent provincial constituencies knows about how far the Calgary conservative majority would go in that country toward carrying the whole surrounding country into the conservative column. In Edmonton, the prognosticator was evidently under the misapprehension that this city is conservative and could be made to carry a part of the provincial constituency of Victoria. The dopester who framed this array will surely have to guess again. Mr. Robert Rogers may not have much to recommend him as an administrator, but he is altogether too good a politician to rig up a redistribution which would give him no chance whatever in Edmonton and would lose him Calgary, the only seat he has a safe chance to make conservative between Winnipeg and the Pacific Coast.

TAKING THE TARIFF OFF THE DINNER TABLE.

The Borden government is talking vaguely of an enquiry into the high cost of living, urged on by resolutions of the Montreal city council and other bodies. The liberal policy is not to waste time enquiring into conditions which everybody knows to exist, but to take prompt steps to apply the proper remedy by taking the high duties off foodstuffs. It is the historic contrast between liberal action and tory inaction.

While the conservatives have been trying to insinuate that the liberals, like themselves, had no definite tariff policy, Sir Wilfrid Laurier has been carefully considering the situation in a broad statesman-like way, unhastened and undeterred by hostile clamor. With his colleagues he studied the situation created by the new American tariff and the excessive and increasing cost of living in Canada. Then on Wednesday, November 26th, the liberal policy was announced to the country, at Hamilton, Ont. As was to be expected, it was a progressive enlargement of the previous liberal tariff policy, and one adapted to present conditions. Free food is its essence—the prompt taking off of the duties from the necessities of life so that the over-burdened Canadian consumer may live as cheaply as possible. The historic liberal policy was again to the front in Sir Wilfrid's declaration that the problems of living must come before the building of dreadnoughts. There was no recrimination, no hesitation, in Sir Wilfrid's declaration. It was with the serene confidence of a great leader who knew that the future would justify his course that Sir Wilfrid laid down the policy upon which in all probability the next general election will be fought.

Sir Wilfrid's words should be emblazoned on the annals of the country. He declared—"I have no recrimination to make. The problem is before us. There our duty lies. The situation requires action, prompt, unhesitating action. The policy I give you at this moment, the policy I believe every patriot in Canada ought to support, and the policy I believe it to be the duty of the government to immediately inaugurate is the policy of absolutely free food, free from customs duties."

WHERE HAS THE MONEY GONE SINCE BORDEN CAME.

Inspired statements in the government press set forth that the total estimates for 1913-14 were over $200,000,000, of which probably more than $175,000,000 will be actually spent by the end of the year. Of course the estimates do not include statutory expenditures, agricultural aid, railway subsidies, provincial subsidies, etc., all of which will increase the spendings of this year to over $250,000,000.

Including every item, estimates and statutory expenditures, the total spending of the liberal government for the year ending March, 1911, the last full year of liberal administration, was only $87,774,198.

The controllable expenditure of the Borden government this year is therefore on its own admission almost exactly twice the amount of the total controllable and uncontrollable expenditure of the Laurier government three years ago. What have the people received for this extraordinary increase?

Mr. Borden denounced the liberal expenditure of 1911 as in itself prima facie evidence of corrupt and extravagant administration. Would Premier Borden now please give his personal opinion of the extravagance of Hon. Messrs. Rogers, Hughes, Reid and the rest of the wastrels?

TODAY IN DOMINION HISTORY.

Major General Sir William Dillon Otter, one of Canada's most distinguished military men, was born near Clinton, Ont., seventy years ago today, the son of Alfred William and Anna Otter. He was educated at Upper Canada College, Toronto, and was famed as an athlete. He was especially fond of the national game, lacrosse, and at one time was president of the National Lacrosse Association. He began his military career as a private in the Queen's Own Rifles of Toronto, and in 1864 was gazetted lieutenant. In 1865, shortly after attaining his majority, he married Marian, daughter of the Rev. James Porter. He saw active service during the Fenian raids of 1866 and 1870, and was in command of the Queen's Own at the Lime Ridge action, receiving a medal with two clasps for his services. In the Northwest rebellion of 1885 he commanded the column that relieved Battleford. The crowning command of his career was that of the famous first contingent of Canadian troops to South Africa in 1899. He led his gallant men through the war, and was seriously wounded at Israel's Port in April, 1900. His services with the Royal Canadian Regiment were rewarded by the bestowal of the Queen's medal with four clasps. For many years he held distinguished positions in the Canadian militia organization, and a year ago today he retired from the rank of major-general and military adviser to the Minister of Militia. He was invested with the Order of the Bath by King George, and many other honors have been showered upon him.

December 3 is the birthday of William J. Bowser, British Columbia statesman, at Rexton, N. B., 1867. On this date in 1864 the Secretary for the Colonies, Mr. Cardwell, expressed approval of the confederation plan.

TODAY WE CELEBRATE

Samoans Honor Memory of R. L. Stevenson Today

Although his remains lie buried on a mountain peak in a distant isle of the South Pacific, Robert Louis Stevenson, the well beloved Scottish novelist, does not sleep in a neglected grave. Today, as on every third of December since 1895, the year following Stevenson's death, the natives of Samoa will hold memorial services for one whom they called chief and gave the name of Tusitala, and will place fragrant flowers on his final resting place.

The great novelist removed to Samoa in 1887, and, captivated by the climate and scenery and the kindly and affectionate natives, he determined to spend the remainder of his life there. He bought an estate near Apia, on the island of Upolu. He gave to his home the name of Vailima, and it was upon the mountain side there that he died on Dec. 3, 1894. He had asked that he be buried on the summit of the forest-clad Vaila, and this request was carried out. In order to reach the spot selected a small army of natives had to slash a way through the tangled jungle, half a hundred natives took turns in carrying the coffin over this pathway to the mountain peak. The grave is marked by a monument which bears the inscription, "The Tomb of Tusitala," the name given to the novelist by the natives. Another tablet of bronze is inscribed with the epitaph written by Stevenson, which begins:

"Under the wide and starry sky
Dig the grave and let me lie."

Barbara Frietchie, whose name is known wherever English is spoken by reason of Whittier's immortal poem, was born in Lancaster, Pa., 147 years ago today. She died in Frederick, Md., in 1862, and the body of the heroine rested in the ancient cemetery there until a few months ago, when the Barbara Frietchie Memorial Association had it removed to be reinterred beside the remains of her husband. The association was formed to erect a memorial shaft in honor of the famous woman.

Lord Frederick Leighton, the eminent British artist, is to have a permanent memorial in London. The great painter and sculptor was born 83 years ago today, and died in 1896. Leighton House, his London home, which has been described as "the most artistic residence in England," has been secured by the Imperial Arts League as a central meeting place, museum and library for the artists of the empire, and it will thus serve a highly useful purpose while perpetuating the name and fame of the late president of the Royal Academy. Since Baron Leighton's death, Leighton House with its wealth of art treasures has been maintained by the dead painter's sisters, with the assistance of occasional "thank offs" from others.

The festival of St. Francis Xavier, famed in religious history as "the Apostle to the Indies," will be celebrated today by Catholics, especially the native converts in India. St. Francis Xavier lived in the 16th century and was one of the first to respond to the appeal of St. Ignatius of Loyola, founder of the Society of Jesus. He carried the Gospel to Goa, Travancore, Malacca and Japan, and was preparing for an invasion of China when he died.

FIRST THINGS

JERSEY JOURNALISM.

The first regular newspaper published in New Jersey, the New Jersey Gazette, was issued from Burlington 156 years ago today. Isaac Collins, a Quaker, was the founder of the publication. It did not long have the field to itself, for within a year the New Jersey Journal was established at Chatham by David Franks. Collins, the father of New Jersey's fourth estate, was a printer, and had a printing office in Burlington for several years before he undertook the publication of a newspaper. Twelve years before the Gazette appeared a paper called the Constitutional Courant was issued in Burlington "by Andrew Marvel, at the sign of the Bribe refused, on Constitution Hill, North America." Only one number was issued, and while the Courant was printed in New Jersey it was circulated principally in New York. The real publisher was William Goddard, who later published a paper in Philadelphia. The Courant bitterly attacked the English government, and was promptly suppressed.

In the year 1909, 777 establishments were engaged in the United States in the manufacture of paper from wood pulp. These gave employment to an average of 31,473 persons and paid $30,314,043 in salaries and wages.

DOAN'S KIDNEY PILLS

Are The Original Pill For The Cure Of Backache, Lame Back, Weak Back, Or Any Other Kidney Trouble.

The fact that Doan's Kidney Pills are the original Kidney Pills has not prevented the placing of other preparations in pill form upon the market under the name Kidney Pills. It is necessary, therefore, that all wishing to secure the curative effects which have made Doan's Kidney Pills so popular everywhere, should see that the trade mark, the Maple Leaf, appears on the wrapper. Without this trade mark you are not getting the genuine Kidney Pills as originally placed before the people by Mr. James Doan, as shown by the following declaration:

Dominion of Canada,
Province of Ontario,
To Wit:

In the matter of Doan's Kidney Pills.

I, James Doan, of Kingsville, in the County of Essex, Druggist, do solemnly declare that Doan's Kidney Pills were first manufactured and sold by me on the 14th day of February, A. D., 1885.

And I make this solemn declaration conscientiously believing the same to be true, and knowing it is of the same force and effect as if made under oath and by virtue of "The Canada Evidence Act, 1893."

Declared before me at Kingsville, in the County of Essex, this 27th day of July, A.D., 1896. } James Doan

SPORTOGRAPHY

Dr. Gulick, 48 Tomorrow Is Foremost Physical Culturist

Perhaps the greatest and best qualified exponent of physical education in America is Dr. Luther Halsey Gulick, who will celebrate his 48 birthday tomorrow. As the organizer of the Public Schools Athletic League of Greater New York, director of physical training in the public schools of the American metropolis, founder of "The Camp Fire Girls," president of the Playground Association of America, and the author of many books dealing with athletics, sports and exercises, Dr. Gulick has probably accomplished more than any other American in spreading the gospel of physical well being and good health. He has never been a fadist, but has encouraged all sorts of manly sports, under proper conditions. Dr. Gulick was born in Honolulu, Hawaii, the son of a medical missionary. One of his brothers also won fame as a missionary in the Far East, while his sister, Frances Gulick Jewett, wrote a number of books dealing with hygiene and health. Dr. Gulick laid the foundation for his life work at Oberlin College, the Sargent Normal School of Physical Training at Harvard, and the University Medical College of New York. He was only 21 when he put his knowledge to good use as physical director of the Jackson, Mich., Y. M. C. A. Shortly thereafter he was made superintendent of the physical training department of the Y. M. C. A. Training School at Springfield, Mass., and later he became international secretary of the physical training department of the Y. M. C. A. Later he went to New York as director of physical culture in the public schools, and since then he has become an international figure as a promoter of physical education. He is a member of the board of governors of the Amateur Athletic Union. Among the many books from Dr. Gulick's pen are "Physical Education by Muscular Exercise," "The Efficient Life," "Muscle Building," and "Ten-Minute Exercises for Busy Men." By his pet organization, the Camp Fire Girls, a sort of feminine Boy Scout society, Dr. Gulick hopes to assist—little for the "silly, frivolous, unpractical, anaemic bringing up of the average girl," an interest in outdoor sports and pastimes that will make them "healthy, sensible and self-reliant."

IS TESTIMONIAL TO SOMEBODY'S SALESMANSHIP.

Ed.: Referring to that which appeared in B. T. C. the other day, "The Limit," I am wearing a green colored hat with a cute little bow," just because one good fellow exercised some salesmanship. I am not unlike my friend with the stiff neck. The stuff he took was all right, but it was not intended for his neck.—J. M. S.

More than 10,000 boys under 16 years of age were injured in mines in Great Britain last year in such a way as to disable them for more than a week. There are about 1,000,000 coal mine workers altogether.

TODAY'S BIRTHDAY PARTY

Jules Claretie, Retiring Head of the Comedie, Is 73 Today

M. Jules Claretie, who recently retired as director of the Comedie Francais, the great national theatre of Paris, after a devoted service of 28 years, will celebrate his 73 birthday today. The great novelist, dramatic critic and feuilletonist undertook the difficult task of managing the Theatre Francais in 1885, and in the opinion of those best able to judge he has been the ablest director the house of Moliere has known since its establishment in 1680.

M. Claretie's real name is Arsene Arnaud, and he was born on Dec. 3, 1840, at Limoges, famed for its china. He was educated at the Lycee Bonaparte in Paris, and entered journalism acting as war correspondent in Italy in 1866 and at Metz four years later. When the second empire crumbled and the republic was established on its ruins, M. Claretie returned to Paris and entered upon his career as a critic and feuilletonist. His first success as a novelist was scored with "L'Assassin," published when the author was only 25. Of his fiction works, Vera has been known on this side of the Atlantic is "L'Americaine," published 20 years ago.

Many honors have been showered upon M. Claretie. He has been one of the "immortals" of France for nearly a quarter of a century, having been elected to the Academy in 1888. He is also a member of l'Academie du Canada, and a commander of the Legion Honor.

In the domain of history M. Claretie has written a number of interesting volumes, nearly all strongly and bitterly anti-German in tone, including a five-volume history of the revolution of 1870-1871, "Paris Assiege," and "Le Champ de Bataille de Sedan."

As executive head of the renowned Comedie, the great government-endowed playhouse for the perpetuation of the best traditions of the classic stage, M. Claretie has faced a thousand difficulties, and solved them. A large majority of the members of the troupe are "pensionaires," and as such share in the profits instead of receiving a salary. M. Claretie has undertaken many suits in the courts against "pensionaires" who have left the Comedie to accept more remunerative engagements elsewhere, among th number having been Coquelin and Bernhardt.

The Comedie is the oldest and greatest of the four French theatres which are supported by the state. It was founded in 1680 by Louis XIV., the actors being chosen from the company of Moliere, who had died a few years before. During the revolution the theatre ceased to exist, but it was soon restored by Napoleon, and ever since it has served its purpose of keeping alive the classic traditions of the French drama.

John Bassett Moore, counsellor of the State Department at Washington and world-famous authority on international law, was born in Smyrna, Del., 52 years ago today. He entered the State Department as a law clerk in 1886, after graduating from the University of Virginia, and within a short time was made third assistant Secretary of State. For 20 years he has been Hamilton Fish professor of International Law at Columbia University. He was counsel for the Spanish-American Peace Commission which met at Paris to arrange the terms for ending the war between the Yankees and the Dons. Prof. Moore's name appears on the title pages of many books on international law.

BADLY BURNED, BODY DISCOVERED IN CAR AT LEDUC

William Foster Dies From Heart Failure or Charcoal Fumes.

Found dead in a box car, his body badly burned about the face and legs, William Foster, a well known resident of Leduc, was discovered early Tuesday morning.

The unfortunate man had been recently employed loading cars at Leduc siding for merchants of the town, and when discovered was in a car which had been used for living purposes, containing a small charcoal stove.

Mr. Fraser, who had either succumbed to heart failure or charcoal fumes, had evidently fallen over the stove as the burns on the body indicated. Mrs. Foster, who had started in early search for her husband when he did not return for some hours, became so alarmed at his continued absence that a second search was instituted at 2 a.m. resulting soon after in Foster's discovery.

His wife and family survive, together with one brother, Len, at Leduc. At 2 o'clock on Wednesday afternoon the funeral will be held from Wainwright and Jackson's parlors, south side.

REFUSED HIM REINFORCEMENTS.

General Jordana Resigns Governorship of Spanish Zone of Morocco.

Madrid, Dec. 3.—A sensation was caused yesterday by the resignation of Gen. Jordana, the newly-appointed resident governor in the Spanish Zone of Morocco. The reason given by Gen. Jordana is that the government refused to give him the military reinforcements he considered necessary. Only a few days ago the cabinet announced unofficially that the Spanish army in Morocco, now amounting to upward of 50,000 men, was to be reduced.

MANY MEN WILL SOON BE EMPLOYED

New Tie Cutting Rule as Result of Mayor's Representations.

As the result of a conversation between Mayor Short and the Hon. Dr. Roche, minister of the interior, a short time ago, it is practically assured that between 500 and 2,000 men who might otherwise be idle a great part of the coming winter, will soon be given employment.

This important conference had for its subject a certain restrictive clause in the regulations of the department concerning tie-cutting on timber limits. According to rules laid down by the department of the interior, only ties intended for new railways may be cut on these limits. This practically means a complete cessation of this kind of work once the winter has set in.

It occurred to his worship that if ties could also be cut for maintenance purposes it would mean that hundreds of men who return to Edmonton at the end of the construction season out of work, would be able to stay out in the various timber limits and work throughout the winter.

This timely decision of the department of the interior will mean a lot to Edmonton in that the rapidly increasing army of unemployed which has already begun its invasion of the city will also be afforded a welcome means of retreat.

PERCIVAL BAXTER ARRESTED

Wanted by Calgary Police on Charge of Stealing a Diamond Ring—Held for Transfer.

Percival Baxter, wanted by the Calgary police on a charge of stealing a diamond ring was picked up on the streets of Edmonton at 4 o'clock this morning by Inspector Campbell.

His arrest was effected shortly after a wire had been received from Chief Cuddy of the Calgary force stating that Baxter was wanted in that city. He is being held pending the arrival of an officer from Calgary where he will be taken for trial.

HAS HOPES FOR SETTLEMENT

Postmaster General Samuel Discusses Home Rule Question in Speech.

London, Dec. 3.—Right Hon. H. L. Samuel, postmaster general, whose recent expression at Guysborough of belief that the whole of the Canadian people favor home rule, seems to have caused some controversy in the Dominion, spoke at Redcar last night.

The government, he said held that the fears of Ulster were wholly unreal and unjustified. Still, they had to recognize that was not the view held by a large portion of the people of Ulster. Very gladly indeed would they welcome any alleviation in the bill, which without imparing its fundamental purposes, would meet the wishes and calm the anxiety of Ulster. He was not without hope that such a settlement might be reached, though at present he was not sanguine of its accomplishment.

The speech of the prime minister at Leeds was not intended to have the effect, and it would not have the effect, of closing the door to an amicable settlement opened in the premier's speech at Ladybank.

Chief of Police Martin Flanagan has been deposed by Mayor Keller of St. Paul.

MILL CREEK RATEPAYERS EFFECT ORGANIZATION

Will Promote Interests of Neighborhood and Secure Utilities for Residents.

A new organization has been effected in the Mill Creek district, and is known as the Mill Creek Ratepayers association, being composed of the ratepayers living east of the Mill Creek and south of the river. The purpose of this organization is to promote the interests of the portion of the city mentioned, one of the immediate objects being to advocate the extension of the street railway, electric lighting and other public utilities to that section of the city.

For the purpose of the present election the association endorses the candidature of Messrs. Sheppard and Mode of the south side, and Messrs. Dr. Campbell, J. A. Kenney and C. Gowan of the north side. The officers of the association are: T. F. Mason, president; E. P. Williams, vice-president; Mr. Gray, secretary, and Mr. Greaves, treasurer. The executive committee consists of 10 members.

Mrs. A. W. Ponton, of Twenty-sixth street, was the hostess of a delightful dance last night, given in honor of Miss Anna Ponton of Belleville. The spacious rooms were splendid for dancing and the hall and staircase provided cosy sitting-out nooks. All the rooms were decorated with yellow chrysanthemums. Turner's orchestra lured the dancers with the best and merriest music. Mrs. Ponton received her young guests wearing a black satin gown with a glittering sequined tunic veiling it. Miss Anna Ponton wore a dainty frock of white satin with draperies of crepe de chene edged with diament trimming. Miss Isabel Ponton's frock was also white satin, the draperies and bodice edged with swansdown. Miss Marjorie and Miss Beatrice Saunders were both gowned in pink. The former gown was satin with shadow lace about it, a white lace ficha furnishing the bodice, the latter pale pink satin with draperies of pink ninon. Miss Maxine Morris wore accordeon plaited ninon, pale pink with tunic of delicate lavender. Mrs. Reginald Coutley wore a white satin gown with lavender, pink, and gold brocade forming the tunic, lace and touches of gold on the bodice. Mrs. Jack Landry had on an adorable gown of gold satin with lace threaded with gold forming the tunic and bodice. Miss Marjorie Wilson wore white. Miss Harbottle's gown was white with girdle and sash of rose color. Miss Maude McKenny looked smart in saxe blue satin. Miss Alice McKenny had on gold color satin. Miss Julia Ponton wore a charming frock of pale blue charmeuse. The girls all looked a veritable "garden of rose buds." Among the men present were: Mr. Landry, Mr. Cautley, Mr. Morse, Mr. Stewart, Mr. Ackroyd, Mr. Jack Fraser, Mr. Larry Manuel, Mr. Stavely, Mr. Cox, Mr. Howland, Mr. Pinder, Mr. Mowat, Mr. Finley, Mr. Campbell, Mr. Joe Wallbridge, Mr. Flanigan, Mr. Dyson Phelps, Mr. Powis and others.

This work received from the mission schools in India is very beautiful and as usual at this season the work is greatly appreciated for gifts. Doors open at 2 o'clock promptly.

PICTURE BALL SURPASSES SPLENDORS OF THE PAST

Other Great Events Cast in the Shade by the Beauties of Tonight's Affair.

London, Dec. 3.—The picture ball at the Albert Hall tonight is expected to surpass even the beauties and splendors of the historic Shakespeare ball of a hundred years ago, the pantomime ball and the fete Versailles.

Last night the ball presented the appearance of a huge circular gilt frame. The tiers of boxes were hung with yellow sateen and draped. Festoons of orange paper helped the illusion, which is completed by mitching made to represent beading on the picture frames.

Besides the Duke and Queen of Spain Princess Mary of Battenberg, Prince Alexander of Battenberg, Princess Leopold and Maurice of Battenberg and Prince and Princess Alexander of Teck will be present.

CLERGYMAN NOT CANDIDATE.

Vancouver, Dec. 3.—Rev. Dr. Fraser, minister of the First Presbyterian church, declined a nomination for the mayoralty. Ex-Mayor L. D. Taylor apparently intends to be a candidate at the new year election for he has filed a certificate of qualification at the city hall.

NAMED EXCHANGE PROFESSOR.

Tokio, Dec. 3.—Professor Shosuke Sato, dean of the agricultural college of Tohoku university, has been designated as exchange professor at the American University. He was a student of agricultural economy at John Hopkins university and also in Germany, 1882 to 1886.

FOR GREATER PROTECTION.

Ottawa, Dec. 3.—Lieut. Col. Currie, M.P., for South Simcoe, who is in Ottawa at present, will propose at the next session of parliament an extensive alteration in life saving regulations, designed to afford greater protection to lives and property on the lakes.

TO TAKE CARE OF NEEDY.

Winnipeg, Dec. 3.—Subscriptions totalling $1,000 have been received by the Winnipeg grain exchange and forwarded to the trustees of the fund collected for the dependent members of the families of the sailors who lost their lives during the recent lake storms on the Great Lakes. The amount subscribed by grain exchange members was $3,918.

POLLARD OPERA COMPANY AT PANTAGES THEATRE

Clever Youngsters Play "A Millionaire for a Day" in Delightful Manner Splendid Bill.

The old timers in the city will well remember that each season one of the favorite amusements that was eagerly looked forward to was the Pollard Opera Company, a troupe of youngsters who played in the city and delighted their hearers. This week the Pollards are back in the city, but instead of the Lyceum, or, as it was known when they first made their appearance here, the Edmonton Opera House, the clever juveniles are the headline attraction at Pantages, where they have been pleasing every night with a clever musical miniature, "A Millionaire For a Day." The kiddies have of course grown some, the little girls have developed into comely, and graceful young women, while the boys that were children some few seasons ago have filled out and almost reached their majority; but despite these things the Pollards have not forgotten in the excitement of growth the art of entertaining. They are just as funny as ever, and the same childish voices and faces are nightly pleasing the big audience at Pantages. The act they offer is a merry, musical one filled with bright and sparkling comedy and several pretty song numbers, while the scenery and lighting effects as well as the costumes are much above the average one sees in musical tabloids. Miss Forbes with the comedy playlet "A Wild Rose" is a close contender for favor with the Pollards, and her clever impersonation of a winsome little girl who tries to be sporty before her husband to make him jealous is indeed a delightful piece of acting. She has injected into the act just the right amount of comedy, and convinces her wayward hubby that he would rather have her just as she is than the girl she endeavors to typify. It is a homely bit of comedy, and one that has a great lesson contained in its lines.

FAMOUS PLAY AND PLAYER AT MONARCH

Mrs. Minnie Maddern Fiske in "Tess of the D'Urbervilles" at this House Today.

One of the most dramatic firms ever prepared for the entertainment of lovers of the silent drama is now running at the Monarch theatre in "Tess of the D'Urbervilles." Not so much the dramatic story in itself, but the title role as played by Mrs. Minnie Maddern Fiske, is a histrionic work of art, and enables Edmonton to see the visualization of this wonderful star of whom they were robbed owing to bookings that would not permit of her making this city a visit. The pitiful story of a woman's wrongs and the heroic manner in which they are borne are so well portrayed that they cannot fail to be retained in the memory of all who see this wonderful feature prepared by the Famous Players, under the personal direction of Daniel Frohman.

MILITANT BODYGUARD FOR MISS PANKHURST.

(Miss Sylvia Pankhurst.)

London, Dec. 3.—A specially picked bodyguard has been appointed to accompany Miss Sylvia Pankhurst, one of the most active militants in England, whenever she leaves her residence to address a suffrage meeting. It is the duty of the bodyguards to see that no defective approaches Miss Pankhurst. In fact, on some occasion, these determined militants have barred the police from halls when Miss Pankhurst was speaking.

DRAMA OF BUSINESS IS THEME OF THE HOUR

Bijou Theatre Has Fine Picture Entitled "A Pitfall of the Instalment Plan."

The drama of business is the theme of the hour in these twentieth century days of hustle. A story that touches on the average person in his time of sorrow and despair or in his moments of gladness and joy while he is engaged in the battle for existence in the office, in the shop or on the field fills the present wants, as the problem plays of slavery, or the problem plays of Dicken's time, satisfied those demands. In "A Pitfall of the Installment Plan," the offering of the Bijou theatre for the program ending with tomorrow night's run, there is presented a modern drama of business that will reach with a gripping pull almost every one who is interested in the present day conditions of life. There is shown the disgraceful work of the dishonest and grafting builder in the construction of modern structures, the serious employment problem that faces a large class of our population and these are all admirably brought out in a story of human interest and likable style in the film "A Pitfall of the Installment Plan" being shown on the Bijou screen.

The funny Keystone Komical Komedies will liven up the most serious to ecstacies of real joy for Keystone Komedies are laugh producers without a peer in motion photography. The Bijou theatre has the exclusive first run presentation of these films and they alone are making an evening or afternoon of entertainment one very well spent.

The silver voice of Miss Pinckston will be heard in new songs. So photoplay house in Edmonton, nor in Western Canada, it can perhaps be fairly said, offers a musicale on its regular program of the high merit and dignity as is presented at the Bijou with Miss Pinckston.

EMPRESS HAS FINE SERIES OF PICTURES

Shows "Between Orton Junction and Follinville" and "Right Man"—Fine Pipe Organ Music.

Because of a misunderstanding in the shipping arrangements of "The Bells," the late Sir Henry Irving's celebrated drama, it cannot be presented at the Empress theatre for today and Thursday as advertised. The wires were kept hot yesterday between the Empress management and the film manufacturers, and although it cannot be definitely stated just now when this famous film will be shown in Edmonton it doubtless will be only a very short time before it will be presented at this popular playhouse by request.

For the program today and tomorrow is playing an excellent series of pictures, among which is a special feature film named "Between Orton Junction and Follinville." This is an Edison production of these situations and pretty love sentiments. Two swiftly moving freight trains are fiercely rushing towards one another on the same track, and while they are madly speeding to their destruction the sweetheart of one of the engineers pitiful one of the trains is riding a race like the winds to ward off the awful calamity ahead.

In addition to this powerful and graphically presented drama is a clever society play by the famous Vitagraph company, who are universally regarded as the foremost producers in the world of motion photography of polite society plays. "The Right Man," played by Earl Williams, and the right girl, played by Lillian Walker, make a story of splendid interest and is beautifully acted.

Since the new management has taken over the Empress the large pipe organ has been thoroughly renovated and new stops added, Mr. Tompkinson will play pretty and catchy solos to accompany the pictures.

It is believed that the River Nile contains more kinds of fish than any other river in the world.

LUCK SAVES HIS LIFE.

Regina, Dec. 3.—The failure of a shell to explode is the only reason why James Sutherland is alive today. Last night Ben Williams with a colt .44 broke into Sutherland's room in a boarding house, in a search for money. Sutherland and a friend awakened and followed the intruder into the hall. Williams turned, poked a revolver at Sutherland's chest and pulled the trigger, but the shell failed to explode. Williams was arrested and was today remanded for hearing until next week.

MARRIED ON SICK BED.

Lynchburg, Va., Dec. 3.—While confined to his bed in a hospital here, convalescing from an operation for appendicitis Arthur K. Evans, of Toronto, Ont., and Mrs. Lottie Whitehead, of Atlanta, Ga., were married yesterday.

The wedding was to have taken place November 25 at St. Thomas church, New York, but Mr. Evans was taken ill on a train and was taken off here, the girlhood home of the bride.

Mrs Evans is said to be worth $9,000,000.

TEMPERANCE AND MORAL REFORM LEAGUE MEETINGS

Field Days Held Last Sunday at Lamont and Chipman—Addresses at Six Points.

The Alberta Temperance and Moral Reform league held their field day on Sunday last at Lamont and Chipman. The speakers for the Sunday were the Rev. G. Arthur, M.D., Vegreville, superintendent of the Inebriate Asylum, and the Rev. W. F. Gold, associate secretary. Addresses were delivered at some six different points. The district was represented in the various congregations assembled, and all of the addresses delivered were much appreciated. At Lamont on Sunday evening the church was crowded to its utmost capacity, when the lecture was delivered by Mr. Gold, "Ten Nights in a bar room." At Chipman on the following Monday evening the same lecture was given, when over 80 persons were present in the Methodist church at that place. The contributions for the day were highly satisfactory."

HALDANE ASSERTS FEDERAL SYSTEM NOT IN CANADA

Lord Chancellor Offers Some Explanations Regarding the Constitution.

ACT PASSED IN 1867 MADE A NEW START

Discussion Follows Giving of Judgment Regarding Australian Appeal.

London, Dec. 3—In giving judgment on the Australian constitutional appeal now before the privy council, Lord Chancellor Haldane offered some observations regarding Canada's constitution.

"With reference to a great many people who talk on the platforms just now," said Lord Haldane, "of the federal system, there is no federal system in Canada. What happened was this: An act was passed in 1867 which made a new start, dividing certain powers, some being given to the parliament of Canada and some to the parliaments of the provinces. The provinces were created 'DeNovo.' The provinces did not come together to make a federal arrangement under which they retained existing powers and parted with certain of them. An imperial statute had to ratify the bargain. The whole vitality and ambition of the Canadian constitution was to surrender, if you like, first; and then devotion. It was contemplated under the Canadian constitution that there should be more states, and others less instead of upper and lower Canada. With a single parliament there was a splitting up."

Sir R. Finlay, interposing: "For one thing, it was to separate Quebec and Ontario."

The chancellor: "Yes; so that really it was not a federal arrangement at all. The meaning of a federal arrangement is that a number of states come together and put certain powers into the common custody. That is the federal constitution in Australia, but in Canada, not at all."

Sir Finlay: "Yes; my lord, but the British North America Act was the result of general consent in Canada, to which effect was given by an imperial act. I think Sir John A. MacDonald, for many years worked for the incorporating union of various colonies in North America. Failing in that he took up the prospect of this form of government embodied in that act."

The Lord Chancellor: "I am sorry to say that even the legislature did not know the meaning of the words, because the word 'federal' occurs in the Canadian act but it is as clear as it can be that it was not federal at all."

Sir R. Finlay: "Of course; if federal is confined to a combination between fully sovereign states that is undoubtly so."

The Lord Chancellor: "Not necessarily fully sovereign, but fully self-governing states. Ontario and Quebec were one state practically, or rather they were two states under one parliament."

Sir R. Finlay said they were so discordant in their elements that they could not get on together, and they were separated. Lord Moulton said that one could not imagine Canada's accepting such a surrender as the Lord Chancellor had described, of all the rights they possessed. It was impossible to make the present rights of the Canadian colonies out of their past rights. There was surrender and a repartition.

PUBLIC INTEREST IN POULTRY SHOW GREAT THIS YEAR

(Continued from Page One.)

Out-of-town Exhibitors.

The out-of-town exhibitors show up well. Mrs. Cooper, of Tresbank, Man., a breeder of Barred Rocks for 27 years, is represented, and Johnson Bros., of Langdon, have the largest exhibit in the show with a number of mixed varieties. Other visiting exhibitors are: John Longmore, an old exhibitor from Manitoba, but now of Edmonton, with White Wyandottes; Harry Ross, Calgary, White Wyandottes and Leghorns; Ross Wallace, Calgary, Barred Rocks; Dr. Frith, Calgary, Buff Orpingtons and Silver Campines; Sol. Spafford, Calgary, Buff Orpingtons; Percy King, Lethbridge, Buff Wyandottes and Light Brahmas; John Massey, High River, mixed varieties; W. J. McKenzie, Claresholm, White Leghorns; Nels Linden, the old reliable winner, of Wetaskiwin, Brown Leghorns and mixed variety; and Clute and Walker, Vegreville, White Wyandottes and Barred Rocks.

If there is one particular branch of the show deserving of special mention it is the dressed poultry exhibit, which President Hunter characterized as never having yet been equalled in any previous show held by the association. On Thursday evening a demonstration of killing, plucking, trussing and boning will be given by Mr. Lewis, of Lacombe. The dressed poultry will be sold by auction at 3 o'clock on Friday afternoon.

FATALITY OF WHOOPING COUGH

Many parents think lightly of whooping cough, and treat it as a necessary evil, not giving the child who has it any special attention.

The seriousness of whooping cough was emphasized by the Medical Health Officer in Toronto a few months ago, when he reported 14 deaths during the month from whooping cough, and only ten from scarlet fever, typhoid fever and measles combined.

So many people write to us about the relief and cure of whooping cough by the use of Dr. Chase's Syrup of Linseed and Turpentine that we can recommend it with the greatest confidence.

It loosens the cough, aids expectoration, and by its soothing influence prevents the terrible paroxysms of coughing which are so distressing to witness, and which wear away the strength of the child. By using this treatment the disease is held in check, and cured in a few weeks, instead of months. Look for the portrait and signature of A. W. Chase, M.D., on the bottle you buy. There are many imitations.

THIEVES FORCE SAFE ON EXPRESS TRAIN

Belgium National Bank Loses $87,500—Another Train Subsequently Robbed.

Verviers, Belgium, Dec. 3.—A package containing $87,500 in German bank notes was extracted from the mail car on the express train which left Brussels for Cologne last night. The money had been forwarded by the National bank of Belgium to a bank at Cologne and was placed in a safe which was forced by the thieves.

Another mail train which arrived in Brussels an hour after the departure of the express for Cologne was also robbed, several valuable packages being missing. No trace of the thieves has been found.

DIZZY HEADACHES CURED IN ONE NIGHT

If Troubled with Head-fullness, Ringing Noises, Specks Before the Eyes, the Stomach is at Fault.

Quick Relief and Certain Cure Came From Dr. Hamilton's Pills.

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and made me very sick for hours after each meal. The pains in my stomach and the dizzy headaches I had to endure almost set one wild. Sometimes attacks came on so severely that I had to go to bed. I would feel so worn, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with wastes and nothing helped me till I used Dr. Hamilton's Pills. Without this grand system-cleaning remedy I would still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy, and healthy, and will always use and recommend Dr. Hamilton's Pills.

HAVE THE PRICE WHEN YOU INVITE COMPANY

William Midge Asks Friends to Dine But Was Broke—Fined Twenty-five Plunks.

Accepting invitations of strangers on the street to go and eat with them is a good way to get into possible trouble. So G. Robinson and H. Wilson thought after Magistrate Massey gave out the good advice to them in police court this morning and dismissed the case against them. They had accepted the invitation of one Wm. Midge to eat in Wong Mow's restaurant on Jasper avenue, and after the bill of fare had been partaken of, nobody had any money to settle the bill, which came to $2.25.

Wong, when he did not see the money forthcoming promptly, had the trio arrested, and the invited guests of William found themselves safely ensconced behind the bars shortly after their repast.

In police court this morning Midge explained that he had $75, when he came in off the Dunvegan grade, but that he did not know he was broke until after the meal. Magistrate Massey gave William the option of paying $25 for his mistake in regard to his financial condition or spending the next 30 days in jail. On a charge of vagrancy he was also given $5 or option of 10 days.

John Cannon, H. Tessier, C. H. Grandon, Phillip Coliffe, Wm. Lawrence and Richard Pechy were each fined $4, and usual $2 costs, in police court this morning for being drunk.

Herbert Loton was dismissed from court on a theft charge.

S. W. Code faced the bench on three separate charges of non-payment of wages preferred by Frank Martin, John Ryan, and A. Shemorl, for $20.85, $11.25 and $16.25 respectively. He was obliged to pay in each case, together with the costs of the court.

MANY CASES OF RELIEF DURING PAST MONTH

The monthly report of the civic relief department ending November 30, 1913, contains the following information: 497 meals provided; 170 beds provided; 250 articles of clothing distributed; 110 visits made by Miss Southall; 55 families provided with milk, fuel, groceries; four burials; 14 supplied with medical attention and drugs; four cases for transportation; three cases of deportation; seven sent to hospital; three cases of desertion by husbands.

Refunds for the month $64.90.

ACID STOMACHS ARE DANGEROUS

"Acid" stomachs are dangerous because acid irritates and inflames the delicate lining of the stomach, thus hindering and preventing the proper action of the stomach, and leading to probably nine-tenths of the cases of stomach trouble from which people suffer. Ordinary medicines and medicinal treatments are useless in such cases, for they leave the source of the trouble, the acid in the stomach, as dangerous as ever. The acid must be neutralized, and its formation prevented, and the best thing for this purpose is a teaspoonful of bisurated magnesia, a simple antacid taken in a little warm or cold water after eating, which not only neutralizes the acid, but also prevents the fermentation from which acidity is developed. Foods which ordinarily cause greatest distress may be eaten with impunity if the meal is followed with a little bisurated magnesia, which can be obtained from any druggist, and should always be kept handy.

HUERTA'S POWER IN THE NORTH IS GOING TO PIECES

(Continued from Page One.)

Juarez, Dec. 2.—Reports received today from Villa Ahmuda, stated that hundreds of men, women and children were fleeing across the desert from Chihuahua to Ojinaga and other border points. Long wagon trains, horses and burros, laden with household goods and valuables and followed by a scurrying horde of people on foot were seen.

It appears as though almost the whole city, carrying its richest possessions, had been set in motion suddenly and was struggling through clouds of dust to keep pace with a hurrying escort of federals according to the rebel scouts.

Among the refugees were said to be members of the wealthy Terrascas and Creel families whose lives were threatened by the projected rebel attack on Chihuahua. These families, some of whom were heads of the banking institutions had been isolated in Chihuahua for many weeks.

The reports brought to General Villa were that food supplies were so scant that not only the poor but the wealthy faced starvation and that finally these representations induced the federals to evacuate.

Villa sent couriers south today to learn whether General Chao, the constitutionalist, had entered the city.

Villa said the federal troops had decided on guerilla tactics after replenishing their supplies and communicating with Mexico City.

Evacuation Under Way

Hermicille, Sonora, Dec. 3.—The evacuation of Guamas undertaken yesterday by the federals, was well under way last night, according to advices received here. The rebels who have wanted Guayamas a long time made no effort to check the embarkation of federal troops on gunboats which will take them to Mazatlan or Manzanillo.

Rebel officers before Guayamas reported the federal artillery dismounted for shipping.

Antonio V. Caballero, a rich Calcutta resident, accused of complicity in a plot to cause an uprising against the constitutionalists, will be executed by a firing squad at daybreak. He was convicted today by a courtmartial of treason under the same law by which the Emperor Maximillian was executed during the French invasion.

Hundreds Are Refugees

Laredo, Tex., Dec. 3.—More than a thousand Mexican families, many of them wealthy, have arrived here from Monterey and Saltillo as refugees during the past week, bringing millions of dollars in securities for deposit in U.S. banks, until the Mexican situation is clarified. One man deposited today in a local bank $3,000,000 in securities and another $2,500,000.

STREET NUMBERING WILL NOW BE PROCEEDED WITH

Notice of Dismissal of Injunction Having Been Received No Time Will Be Lost.

Following the notice to the city commissioners from the solicitor that the injunction has been dismissed with costs, the street naming and house numbering department has been given instructions to proceed with the completion of the work.

Owing to the rush of the Christmas season it has been decided not to start again on the north side of the river until after the New Year. The merchants on the south side are willing that the house numbering south of the river should be completed without further delay, and accordingly J. L. Hughes, who is in charge of this work, has been instructed to put men to work at once on the south side.

When the scheme was first started the department took down all the old name plates as well as the old numbers. In future this will not be done, but instead the new names and numbers will be posted and the old ones allowed to remain until the public has become acquainted with the new system. This will also assist the departments in getting their books changed over in keeping with the new system.

In the city hall alone there are 11 departments that require to have copies of all new numbers that they may change their books accordingly. Then all the stores and other business houses must gradually become acquainted with the change in system and for this reason it has ben decided not to continue with the work on the north side of the river until after the Christmas rush has subsided.

ROBERT OLIVER MARRIES.

A little over a week ago the Scott Fruit company lost a good share of their stock in a disastrous fire. Last night they lost, at least temporarily, another valuable asset in the person of their popular head shipper, Robert Oliver. Mr. Oliver got married, and 15 employees, together with Mr. McKelvey, the manager, did their best in helping him make the affair a memorable one. The bride was Miss Priestley, late of the Acme company.

The ceremony was performed at Dr. McQueen's residence on Fourth street. From there the bridal party repaired to the dining rooms of the Empire hotel, where a sumptuous wedding supper was partaken of by the bride and bridegroom and their 15 friends, who came well armed with secret bags to the bridegroom's terror, commonly called confetti.

After a thoroughly enjoyable supper had been disposed of and all the traditional good things had been said of the lady and the happy man, the party left the hotel for the C.P.R. station, where they took the 2.45 train for Saskatoon and points in the east. The escape from the hotel was only effected after a terrific bombardment of confetti upon the heads of newly married couple, by the 15 guests who were anxious to leave no trace of doubt as to the fact that there had been a wedding and a successful one at that.

CROSS, FEVERISH, SICK CHILDREN NEED "CALIFORNIA SYRUP OF FIGS"

A Coated tongue means sluggish liver and bowels—Listen mother!

Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has sour stomach, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful and in just a few hours all the foul waste, sour bile and fermenting food, clogged in the bowels, passes out of the system and you have a well and playful child again. All children love this harmless fruit laxative and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on each bottle.

Mother, keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50 cent bottle of "California Syrup of Figs." Then look and see that it is made by the "California Fig Syrup Company." We make no cheaper size. Don't be fooled.

EMPLOYMENT BUREAU FINDS WORK FOR 723

Department Does Large and Increasing Good Work for Unemployed in City.

During the month of November the free employment bureau of the city found positions for 723 citizens who were seeking work. This department continues to do good work and each month marks a good increase in the volume of business handled. The classification of those who have been assisted during the month to get in touch with a suitable line of work will prove interesting:

Rough and skilled laborers head the list, 523 having been located; carpenters, 10; rough carpenters, 8; bricklayers, 4; brickmakers, 6; delivery man 1; plumbers 1; porters 1; janitors 3; teamsters 1; bookkeepers 2; stenographers 3; clerks 4. Positions found for women: Dayworkers 71; domestic servants 38; chambermaids 7; housekeepers 7; stenographers 1; waitresses 9; cooks 2; nurses 1; dressmakers 2; store clerks 2; laundresses 2; kitchen girls 1. The total for both sexes is 723, of which 580 represent male, and 143 female positions.

RICHARD PECHY ACCOSTS LADIES ON THE STREETS

Is Fined Fifteen Dollars or Fifteen Days Where Feminine Company is Scarce.

Richard Pechy now knows the folly of approaching ladies on the street with whom he is not acquainted and endeavoring to become too friendly. Pechy, for this offence, in police court this morning, brought judicial punishment to the extent of $15 and costs, or the option of spending the next 15 days where there are no ladies.

Miss Margaret Johnson laid the information against Pechy, who, when accused in court this morning, first denied the charge utterly, and then stated that he was so intoxicated that he suffered a complete loss of memory in regard to the incident. Magistrate Massey, however, declared that this lapse of memory did not excuse the actions and that Pechy would be held responsible for them only.

Bert Blackmore, who gallantly punched Pechy when she told him of the assault, paid a fine of $1 and costs for hitting Pechy. The magistrate said that Blackmore should have used better judgment than to hit a man wearing glasses, especially when he did not see the assault in person.

OVER 200 OLD COUNTRY EXCURSIONISTS SATURDAY.

C.P.R. Express Section Will Contain Eight Extra Coaches to Accommodate Them.

The first special train for this year's Christmas traffic to be put on by the C.P.R. will leave the Jasper avenue station next Saturday night, December 6, at 9:45. This special will in reality be a second section of the regular great west express, No. 52, which leaves for Winnipeg and eastern points every night at the above hour. This second section will be composed of at least eight coaches, three of which will be tourist sleepers, and is expected to carry over 200 passengers bound for the old country. The special will run straight through without chance to the Allan line's dock at Halifax, where it will connect with the special holiday boat, Hesperian, which is making an extra trip solely on account of the unusual tdie of holiday traffic which has set in for old country ports. The holiday steamer is due to sail on the 11th. Mr. Fyfe stated to the Capital this morning that but for the unusual spell of mild weather at present prevailing throughout the west the eastern holiday traffic would be even greater than it is.

M'NAMARA ON GALLAGHER FLATS

Discusses Lights and Pavements and Extension of Street Railway.

At the meeting held at the Gallagher Flats last evening Mr. McNamara criticised this year's council for the lack of paving and lights in that part of the city. He said the council had spent money in paving Forty-second street, where there are very few residents, but could not afford to pave one of the most travelled streets in the city. He found similar fault with the council for not affording better street car service for that section, although they could build out Athabasca avenue, where there is, he said, scarcely a soul. When he occupies the mayor's chair, averred Mr. McNamara, street car extensions would only be made where the resulting revenue would be sufficient to pay the interest on the outlay. He discussed at some length the Pelican gas deal, for which he claimed the mayor has a decidedly friendly feeling. He concluded his addresses by a disquisition on the elective form of commission government.

Later Mr. McNamara addressed a small number of French electors in his committee rooms.

At Riverside School.

A. T. Mode seemed to be displeased with the papers and expressed himself in tones to that effect, after which he criticised the mayor. He was of opinion that his worship cannot have a leaning to the interests of the people inasmuch as, according to Mr. Mode, he is a corporation lawyer.

Mr. Williams said a few kind words on behalf of S. A. Gordon Barnes, who desires re-election.

Mr. Rice Sheppard told the audience all about his success in his private business, and expressed the view that such success as he had achieved should warrant the ratepayers in entrusting their business to his guidance.

Mr. McNamara denied that he was a real estate man, as stated in the nomination papers which had been filed on his behalf. He claimed that he was a farmer, not having been engaged in the real estate business for the past two years. He then proceeded to discuss the Pelican gas deal and the elective form of commission government.

FRUIT CAR ON FIRE IN GRAND TRUNK YARD

Firemen Extinguish Blaze With Chemical—Caused by Overheated Pipes.

A hurry call was brought into the fire department this morning about 11 o'clock from the corner of Isabella street and Namayo avenue and when the department arrived a fruit car of the Santa Fe railway, standing in the Grand Trunk yards, was found to be on fire. The car contained a consignment of apples and was numbered 5611. No. 1 and 3 companies responded to the alarm and after considerable difficulty succeeded in extinguishing the blaze with the chemical. One end of the car was partially destroyed. The cause is said to be due to over-heated pipes.

ELECTION MACHINE IS TOO HOT FOR BUSINESS.

Mayor Short and Four Aldermen Only Turn Up to Operate Civic Machine.

The usual weekly meeting of the city council did not materialize last night, there being no quorum at 8.30, when the clerk declared the meeting off. Those present were Mayor Short, Aldermen Lundy, East, May and Driscoll. This makes two meetings of the council within the last week dissolved for lack of a quorum.

Apart from the gas question there were no large items of business on the agenda last night. It is not probable that there will be a special council meeting called this week.

JOHNSON AIMING FOR 1,500 MARK

Great Pitcher Has Fanned 1,458 Batters Since Entering Fast Company.

New York, Dec. 6—It is a little bit early to print stories about what will happen in baseball next year, but one of the things that is pretty sure to happen is that Walter Johnson will then pass the 1,500 mark in strikeouts, unless he breaks his arm or decides to abandon the national game. The man who won the Chalmers car for being the most valuable player in the American league last season, has, since he entered fast company, claimed 1,458 strikeout victims. No other major league hurler has, in the seven consecutive seasons from 1907 to 1913, amassed this total of whiff exploits—in fact, only three players in this length of time. These three are Ed. Walsh, Nap Rucker and Christy Mathewson.

Big Ed. Walsh, the spitball star of the Whitesox, has been Johnson's closest rival for the title of the Strikeout King of the Majors. The Chicagoan has compelled 1,406 batters to take the "whiff" route to the bench since he has been a contemporary of the illustrious Washingtonian. Walsh twirled only in 16 games last season, but from 1907 to 1913, inclusive, he has been in 48 more battles than has the renowned Kansan.

Christy Mathewson has fanned 1,137 men in the last seven campaigns, and Nap Rucker 1,128. Eddie Plank, Connie Mack's portsider, almost reached the thousand mark in that time, 997 of his adversaries taking the strikeout count. Chief Bender claimed 864 victims, Howard Camnitz 802, Jack Coombs 784, Mordecai Peter Centennial Brown 747, Leon Ames 748, George Mullin 704, Harry White 682, Ed. Reulbach 663, and George Wiltse 580.

A Good Average.

Johnson's average of strikeouts per game from 1907 to 1913, inclusive, has been 5.41. Ed. Walsh's figures being 4.38 and Chief Bender's 4.62. Only two of the men mentioned have averaged more than 200 strikeouts per campaign, the pair being Johnson and Walsh. The easterner's average is 208, the westerner's 201. Ranking third on this basis is Christy Mathewson, with 162. Walsh has been the hardest loser from 1907 to 1913, inclusive, with "Big Six" next in line. Here are the totals of strikeouts piled up by the 14 major league hurlers from 1907 to 1913, inclusive:

Pitchers—	Games	outs	Average per game	Average per season
Johnson, Senators	273	1,458	5.41	208
Walsh, Whitesox	321	1,405	4.38	201
Mathewson, Giants	300	1,137	3.79	162
Rucker, Superbas	292	1,128	5.86	161
Plank, White Elephants	265	997	3.71	142
Bender, White Elephants	215	864	4.02	123
Camnitz, Pirates-Phillies	274	804	2.93	115
Coombs, White Elephants	264	784	3.84	112
Ames, Giants-Reds	230	748	3.26	107
Brown, Cubs-Reds	231	747	2.66	107
Mullin, Tigers-Senators	236	704	3.00	100
White, Whitesox	219	628	2.87	90
Reulbach, Cubs-Superbas	228	602	2.64	86
Wiltse, Giants	225	580	2.58	83

BOARD OF REVIEW MEETS.

New York, Dec. 3.—The board of review of the National Trotting association met here yesterday to consider complaints and protests arising out of the 1913 season's harness racing on the grand circuit tracks. A few decisions were reached, and testimony was taken in several cases in which the conclusions of the board will be announced later.

The board affirmed the decision of the judges in placing "Star Winter" third in the Hester Brewery purse race.

In the $10,000 stake at Columbus, Ohio, in September, Alonzo McDonald, driver protested, claiming his horse should have been placed second.

The temporary reinstatement of "Ruby K." was affirmed. This horse was disqualified after a race at Cleveland, but as it has since changed hands, having been bought by David Shuey, of Cleveland, from W. K. Kreglow, of De Graffe, Ohio, the board upheld the action of F. P. Johnson, president, in granting the application for temporary reinstatement.

MONEY FOR POLICEMEN.

New York, Dec. 3.—Three policemen who took part in the Olympic games of 1912, 1908 and 1904, and four who participated in the last two games, were ordered reimbursement yesterday by the board of aldermen for the time they have lost during their absence from duty. They were Martin J. Sheridan, John J. Flanagan, John J. Eller, Mathew McGrath, Eaan Erickson, Simon Gillies, and Patrick McDonald. They will receive a total of $2,400.

CANADIAN BASEBALL CHANGES.

Auburn, N. Y., Dec. 3.—Secretary J. S. Farrell, of the baseball association, yesterday announced the following changes relating to minor league baseball in Canada:

The application of the Western Canada league for advancement to class C was denied. All league presidents will be supplied with a new form of contract, official sales agreement and new forms of release.

Hannibal, Mo., has dedicated a memorial statue of Mark Twain.

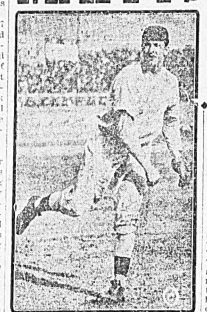
MATTY'S BIG LEAGUE GOSSIP



BY CHRISTY MATHEWSON
THE GIANTS' STAR PITCHER

It has not always been true that the great stars of the game have cracked their way into the Big Leagues with sensational spurts. In fact, the contrary is usually the case. Cobb and Jackson, the two greatest hitters in the country today according to their averages, and, as McGraw frequently says, "figures don't lie much," were not picked as great stars when they first came up. Few fans know that Jackson was with the Athletics before he finally went to Cleveland. "Connie" Mack gave the great slugger up because he was homesick. Cobb was once unconditionally released from a minor league club.

Cobb, as is well known, was born in Royston, Ga., where his father was a school teacher. Cobb led the life of a boy of the south, spending much time in the fall and winter hunting, and playing baseball in the spring and summer on a local amateur team. In 1904, when he was 17 years old, a team was put in Augusta by the South Atlantic League, and "Cow" Struthers, who, oddly enough, was once the first baseman on the Detroit club, was the manager. Cobb had made quite a reputation for himself locally, but was considered to be only a kid and was signed as a substitute. He got a chance in the first game that Augusta played after working through the spring training period, the practice being held on the home grounds. An infielder who had been signed failed to show for the opening game, so one of the regular outfielders was shifted to the vacant spot, and Cobb played in the outfield. The name of the missing infielder who gave Cobb his first chance at league ball is not known to me, but it is a cinch that he is still marking time in some minor league, if he is playing ball at all, while his understudy is right at the top of his profession.

Oddly enough, "Bull" Durham, the stocky pitcher who was once with the Giants for a minute or two and joined the Reds when Marquard did, pitched in that opening game in Augusta. It was he who told me of these incidents as I am relating them. My acquaintance with "Ty" Cobb is not an intimate one; I have just met him on several baseball occasions and during the last three world's series.

"Cobb certainly looked like a baseball player to me that first day," said Durham, who, by the way, lost the opening game for Augusta," but he was a slightly built, rather bashful country kid. He had the great eye than he has now, and he pickled the ball for a home run and a double. The next day he got a single and a sacrifice hit, as I remember it. The third day all of us on the Augusta team were surprised to miss Cobb.

"What's become of the kid Cobb?" somebody asked Struthers.

"'I released him outright last night,' was the reply.

"Of course, since Struthers had been a Big Leaguer, none of us wanted to question his judgement out loud, but I know I thought to myself that he had made a mistake."

It seems that Cobb's father had objected to his playing professional ball when he started out, but after he returned to Royston and told his parent that he had been released following his showing in the two games, the older Cobb just "rose his back right up."

"I've got a chance to go to Anniston, Ala., in the Tennessee-Alabama League for less money, $65 a month," "Ty" at last told his father.

"You'd better no," replied the father. It was from him that Cobb gets much of his fight and determination. "Don't let them crowd you out, now. Never quit unless you have the best of it."

I think Cobb was to get $90 a month with the Augusta club. He went to Anniston and played for two months. He made a flaring record for the minor leagues and attracted attention to himself so that Struthers wanted him back in Augusta, but Cobb showed a flash of temper and refused to return with the manager who had released him and been turned out. Then he went back and finished the season. The next year he showed he was getting along in the game by holding out for more money and being rewarded with a contract that called for $175 per month. But before this salary was conceded, Cobb was offered to the Charleston club for $50, the latter management refusing the proposition.

The Detroit club trained in Augusta that spring, and I think it was the early-closing "Wild Bill" Donovan who first noticed Cobb. However, "Wild Bill" paid attention to his own business and did not mention Cobb. Detroit had an option on several of the Augusta players and Bay first took Clyde Engle, now with the Boston Red Sox. He did not get away in very good style, and was turned back. The Detroit manager began guessing around for some one to take the Eagle's place, to make up the purchase price of $500.

"Why don't you grab that kid who was in the outfield?" asked Donovan, recalling his favorable impression of the training season. "I think his name was Cobb."

So "Ty", a slim, blonde boy, went to Detroit late in the season of 1905, "Hick" Cooley was playing centerfield in Detroit then, and he was sick one day shortly after Cobb joined the Tigers. They put in Cobb, and Cooley never got his job back, although the Georgia wonder hit only about .250 to finish that first season.

That is how Cobb came up, as I have heard the story.

RACE TRACK SUIT IN SUPREME COURT

Action is Brought to Recover Money Which Was Lost Result of Betting.

Ottawa, Dec. 3.—An interesting suit rising out of a race track transaction was heard in the supreme court yesterday, it being the Toronto case of Rickman vs. Scully.

The respondent brought action to recover a sum alleged to have been lent to Rickman in 1908. The appellant denies the loan in toto. Scully is a bookmaker operating on the race tracks in Canada and the United States, and Rickman is a barrister practising in Toronto.

The story was told by Scully at the trial that when he was going to the races in Montreal, Rickman agreed to put up $1,000 to be added to $1,500 furnished by Scully to operate with; that all this money was lost in betting that year, and the transaction closed, and that Rickman the next year borrowed $2,000 from him.

Rickman says that the race track ventures in 1907 were not disastrous, that in the spring of 1908 Scully told him that he had made a little and would make much more if the money was left with him, and in the autumn paid him $2,000 as his winnings from $2,500 of their joint venture. After this the betting operations continued, Rickman at times helping Scully to raise money by indorsing for him. Finally Rickman gave up the race track, and in 1912 Scully was shut out of the Ontario tracks. He then demanded the $2,000 from Rickman, which was refused, and action was brought.

SERVICE AND EFFICIENCY

Two of the Guiding Principles at the New Hobberlin Store.

This opening of a Hobberlin Store at 658 First Street, Edmonton, means a great deal to the men folks. With its luxurious surroundings, new fixtures and its unique methods of business it is going to amaze the people. And there is something besides all this, said the local manager. We are here to adhere strictly to the great principals that have been embodied on the Hobberlin system of doing business since its very inception and which has done so much to make the name of Hobberlin a synonymn of all that is square and upright in business dealing. The Hobberlin "Legal Bond and Guarantee" that goes with every transaction means that you must be satisfied or your money is returned. There are no pie crust promises in the Hobberlin make up. And the man who buys once is always a customer.

EDMONTON WINS BASKETBALL GAME IN WHIRLWIND FINISH

Lose in Series, But Wallop Calgary Last Night in Score of 43 to 27—Crozier Runs Amuck Among the Bronks and Bombards Them in Merciless Manner.

In spite of a whirlwind finish and brilliant victory, as to the game itself, the Edmonton Y.M.C.A. boys were obliged to watch the Calgary team take home with them once more the intermediate provincial basketball championship. The home quintet vanquished the visitors last night by the tidy score of 43 to 27. Even this score, however, was not enough to overcome the fatal lead gained at the beginning of the season.

There was one man on the home team last night who was a team in himself, and to whom if to anybody must be attributed the smashing victory of home five. His name is Crozier and he adorns the centre position. His lithe and lanky form soon became the terror of his opponents, more especially in the second half, when he fairly ran amuck, and bombarded the opposite basket in a merciless manner.

In the first half things were more evenly balanced, the final score for the half being 18 to 17 in Calgary's favor. This one point margin was due to the advantage which the visitors had been able to take of fouls made by Edmonton.

This one point lead seemed to make Crozier see red, and, when the whistle for the second half had blown, the whole team made an irresistible rush on Calgary's basket and were soon giving the packed gallery a good idea of what it would be like if it ever raised basketballs. At the end of this last half the adverse score of 18 to 17 had changed to the more favorable one of 43 to 27.

As an example of intermediate basketball last night's game could hardly be surpassed, both teams having played well up to senior form. If stars must be picked there can hardly be any doubt as to the honors going to McCrystle, of Calgary, and Crozier of the home team.

The full time scores were: Edmonton 43—baskets 38 points, free throws 5 points; Calgary 27—baskets 20 points, free throws 7.

The scoring was done as follows:

MANY FAMILIES REGISTER AT HALL OF IMMIGRATION

One Hundred and Fifty Arrive During the Month of November.

MOST OF THEM WELL SUPPLIED WITH CASH

Much Interest is Taken in Edmonton District by Americans.

In spite of distance, hard times and the approach of winter, the immigration hall is still doing a very considerable business. In spite of the fact that the month just past is usually reckoned the quietest month in the year from an immigration standpoint, over 150 families were registered at the hall. In nearly every case these late-comers were well provided with the rare commodity called ready money, owing to the fact that even if they should be successful in locating a homestead within the next few weeks it would be necessary to return to the city for the winter.

Perhaps the most interesting feature of last month's immigration was the arrival of several well to do farmers from the middle western states. Mr. Clegg the chief immigration officer for Edmonton, stated to the Capital this morning that the interest taken in Edmonton and especially the farming lands to the north and west by American farmers, has in no wise abated.

In support of his assertion he cited two instances of a couple weeks ago. Two Americans from Northern Illinois registered at the hall two weeks ago. The name of one was Rogers. Rogers is a wealthy farmer, owning an immense farm not far from the city of Chicago. His friend whose name is Stuart is a Chicago business man and also reputed rich. Both these men have been spending the last two weeks in spying out the land to the north of Edmwhistle and have located a homestead a piece. They informed Mr. Clegg that the richness and fertility nature of the land had surpassed their most sanguine expectations. Mr. Rogers had intended to locate for both his grown sons but had neglected to bring their proxies with him.

It was also learned that the visit of these two men was also one of investigation. On their return to Illinois they are to report to a large body of farmers interested in Alberta. It is known that the report will be a favorable one as both these men are themselves returning in th spring and expect to be accompanied by a large party of settlers. Mr. Rogers brought with him on this trip three carloads of settlers effects.

INDIGESTION, GAS OR BAD STOMACH

Time it! Pape's Diapepsin ends all Stomach misery in five minutes.

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

So now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

WHITE CHILD SLAIN BECAUSE VOODOOISM

Sensation in Cuba at Discovery of Powerful Trust of Negro Healers.

Havana, Dec. 3.—A sensation has been caused here by the discovery of an alleged extensive organization among the negroes of Cuba for the practice of witchcraft or "voodooism" and it is said the negro wizards constitute a powerful trust. The revelation was made as a sequel to the recent murder of a white girl six years old in connection with a mysterious healing of a sick negro woman to whom the child's blood was said to have been administered.

It is reported that the "voodooists" have relations with politicians who control their votes and protect them against the infliction of punishment.

Several crimes of a similar nature to the one which led to the discovery of the "voodoos" have been committed recently in the island, and in most cases the criminals have gone unpunished. The general public now calls on congress to find a remedy.

WRESTLER NOT SLAIN.

Minneapolis, Dec. 3—Mahmout, the Bulgarian wrestler, represented some time ago as having been killed in a battle in Balkan war, is not dead, he let it be that effect was received from him yesterday by Henry Irslinger, an Austrian.

IMPORTANT MEETINGS OF METHODIST DIGNITARIES

Subjects of Much Consequence to the Work of the Church Will Be Discussed.

Meetings of considerable importance in Methodist circles will be held in McDougall church today.

At 9 o'clock Evangelist Johnson will conduct a spiritual conference, and in the afternoon at 3.15 Rev. James Allen, M.A., general secretary of home missions, will give a report of the general board meeting recently held at Amherst, N.S. Among those who will be present upon this occasion are Rev. Dr. Chown, general superintendent; Rev. T. C. Buchanan, superintendent of missions; Rev. A. Barner, superintendent of missions; Rev. J. P. Westman, superintendent Sunday schools; Rev. J. H. Riddell, Rev. Dr. Armstrong, Rev. T. Powell, president of conference, and a number of other prominent ministers. The laymen are especially invited to these meetings.

A mass meeting will be held in the church in the evening, at which Mr. Allen will speak on missionary problems.

LORD HALDANE TELLS OF AMUSING INCIDENT

Scotsmen Are Found Wherever Imperialism is Practiced in Moderation.

London, Dec. 3.—Lord Haldane had an amusing incident touching the Scots to relate at the St. Andrew's festival dinner. His lordship remarked that, wherever a spirit of imperialism had been practiced in moderation, Scotsmen were to be found. He felt that they supplied a want in the world's market. He had recently paid a weekend visit to Montreal, he said, and when he left he was sent off by many dignitaries. Just as the train was moving out on the station he saw a man working on the line, and the man called out, "A guid journey tae ye, but it's better nor auchteraider." There was no doubting the accent. (Laughter.)

His lordship, who is himself a Scotsman, admitted that the race was not always popular. "There are," he said, "envious folk who say they get too much of the world's good things, but they could not help it."

MONEY ORDERS INCREASE AT LOCAL POST OFFICE

Total For November Exceeds Amount for Same Month Last Year by $17,194.90.

That the hard times we hear so much about have not been so severe in Edmonton as in some places, seems to be verified by the fact, in the month of November the total value of the money orders sold exceed the amount of November, 1912, by a sum of $17,194.90, or a total of $155,916.90 against $138,-722.25, in the month of November, 1912. The number of money orders sold in November, 1913, totalled 8141,-377.96, as against $109,576.96 in November, 1912. Stamps sold in November, 1913, totalled $14,180.00. November, 1912, $15,829.00. There has been a noticeable decrease in the number of postal notes both issued and received the figures for the month of November, 1913, of postal notes sold amounted to $9,047.09 against $9,350.00 in November, 1912, while the number received during the month amounted to $9,925.64, against $9,606.27 for the corresponding month last year. 16,509 registered letters were mailed during the month, or 1,400 more than the same month last year, and there were exactly nine more registered letters delivered this month than the corresponding month last year or in figures 17,270 in November, 1913, and 17,261 in 1912. The number of registered letters passing through the Edmonton post office was 6,100 in November, 1912, and 6,-558 in 1912.

COOKS ARE CALLED ARTISTS.

New York, Dec. 3.—James Willon, chef at the Ritz Carlton hotel, was indicted by the United States grand jury today for violating the contract labor law in hiring 80 or more cooks through agents in France. The indictment is said to be the first fruit of a government crusade against the importation of cooks practised by many of the big New York hotels and restaurants. The hotels have taken the ground that a French cook is an artist and that by hiring them abroad they are no more amenable to the contract labor law than the managers of grand opera are when they engage their European singers.

RESIGNS ACCOUNT OF AGE.

Vancouver, Dec. 3.—On account of old age, Hon. E. L. Wetmore, has resigned his position as chairman of the Indian commission appointed jointly by the provincial and federal governments. The commission is likely to be in the field amongst the northern Indians during all of next summer.

STRIKING MINERS RETURNING.

Vancouver, Dec. 3.—Reports from Vancouver Island state that the coal miners are returning gradually to their places in the mines and it is expected that in a short time there will be the usual complement of hands. This applies particularly to Nanaimo where there are 200 skilled men engaged as well as at Wellington and Cumberland.

SURPRISE FOR QUEEN.

London, Dec. 3.—King George provided a surprise for Queen Mother Alexandra in observance of her 69th birthday by displaying 25,000 officers and men of the British army in Sandringham house on the moving picture screen. The pictures which were taken under authority, delighted the King's mother as well as Queen Mary and other members of the royal family who witnessed the private show.

LORD STRATHCONA BETTER.

London, Dec. 2.—Lord Strathcona has recovered from the slight cold which he contracted at the funeral of Lady Strathcona, and was at his office this afternoon.

If Bad Water Causes Diarrhoea Use Some 'Nerviline'

Prompt Relief is Instantly Assured, and Thousands Use Nerviline on this Account.

A Traveler's Experience Related.

The experience of Mr. Norman P. Hendricks is not an unusual one. Writing from Prince Albert, he says, "My business calls me from one place to another, and I am frequently up against the bad water problem of the Canadian North-West. In so many places the water disagrees with me, and I used to be kept very miserable on that account. An old settler told me one day that nothing is so useful to newcomers as Nerviline, and he explained to me how valuable it proved to him under similar circumstances twenty-five years ago. You would hardly believe how happy and comfortable my trips are since I learned of Nerviline. I look upon 'Nerviline' as my trusty friend, and give it a place of honor in my hand bag. In fact, I wouldn't think of being without it in a country like this. It cures any little stomach trouble or digestive disturbances and relieves a cramp in ten seconds. To cure Neuralgia, Earache, Toothache, or pain in your muscles like Rheumatism, you simply cant beat Nerviline."

To cure little ills before they grow big and to relieve the aches and pains of the whole family get Nerviline today. Family size, 50c; trial size, 25c.; at all storekeepers and druggists, or The Catarrhozone Co., Buffalo, N.Y.

ALBERTA SECURES CHAMPION STEER

Glenmarnock Victor II. Will Be Seen at All Agricultural Colleges in Province.

An important announcement has been made by Hon. Duncan Marshall, minister of agriculture, who is now in attendance at the International Live Stock Show in Chicago. In a telegram he states that he has secured for a term of nine weeks the famous steer "Glenmarnock Victor II," owned by J. D. MacGregor of Brandon. It is the intention of the minister of agriculture to use this famous steer for instruction purposes at the short course schools of the province of Alberta.

This steer won the grand championship at the Chicago show, one of the largest held anywhere in the world. He stands first in the grade yearling class, champion of all grades and cross breeds, champion of all yearlings as well as champion of all grades and breeds.

It will be possible to have this wonderful steer for a period of about one week in each of the agricultural and short course schools. Mr. Marshall is to be congratulated on securing the prize winner for so long a period. He may well feel proud of the generosity of Mr. MacGregor, the owner of this wonderful beast. Every effort is being made to make the agricultural schools of the province the most up-to-date in every respect and by securing the loan of such wonderful animals, the students will be able to learn the fine points of the best animals on the continent.

SUIT FOR MILLION BROUGHT.

Boston, Mass., Dec. 3.—A suit for $1,000,000 against the Grand Trunk Railway Co. of Canada for alleged breach of contract in connection with the construction of a railway terminal at Toronto Ont., was filed in the United States district court yesterday by Westinghouse, Church, Kerr and Co., engineers and architects of New York. The Grand Trunk has an office here.

The complaints set forth that they lost $1,600,000 through the railroad's alleged breach of contract with the company to erect Toronto terminal at a cost of $9,000,000.

WANT ARENA FLOODED.

Regina, Dec. 3.—A deputation waited upon Mayor Martin to urge that the arena of the new winter fair building, now nearing completion, be flooded this winter, to be used for playing hockey matches. It is promised that if permission is granted the arena will be cleared of ice in time for the winter fair to be held here in March, 1914. There will be at least nine hockey teams in Regina this winter, perhaps more

HERE! MEN OF Moderate Hair

READ THIS

You will often see a man who fulfils your ideal of a man in almost every particular. He may have a good head, fine features, perfect manners, an interesting personality and bear himself with the dissociated air of a gentleman. His linen is immaculate and his clothes faultless as to cut and material, but all the pleasant first impressions are ruined when you discover the collar and shoulders of his coat covered with loose hair and flakes of dandruff.

This is an indication of personal carelessness, not to say uncleanliness. You feel like telling him to get a bottle of Newbro's Herpicide and if "you are a real friend you will." tell him. The benefits to be derived from this remarkable preparation are wonderfully convincing. The man who uses it never presents the slovenly appearance above described.

The scale-like accumulation so well dandruff is due to a germ, to check this accumulation the scalp must be kept healthy and the germ be destroyed. Then the hair will stop coming out and the itching of the scalp cease. Only the person who has used Newbro's Herpicide intelligently for a time can appreciate its wonderful value for this condition. Herpicide has an extensiveTADS Ation. Herpicide has an exquisite odor and is a most delightful hair-dressing. No matter what your dealer says, there is nothing "just li... it."—Herpicide stands alone.

Newbro's Herpicide is 50c and $1.00 sizes is sold by all dealers, who guarantee it to do all that is claimed. If you are not satisfied your money will be refunded. Applications obtained at the good barber shops.

Send 10c in postage for sample and book about the hair to The Herpicide Company, Dept. D, Detroit, Mich.

LAUGHTER, LIMBS AND LINGERIE AT PANTAGES

Program is a Good One—Full of Fun and High-class Dancing.

A continuous concatenation of laughter, limbs and lingerie is a fair summary of the bill at the Pantages theatre this week, as exemplified at the opening performance Monday. The program was a good one in every respect and was thoroughly enjoyed by the large audience present. The dancing was exceptionally good and the fun of a high grade.

Opening with some good motion pictures, the bill passed to the de Forrests, the whirlwind dancers, who fully justified their name. They are not only dancers, but they are comedians of a high grade in their particular line of work. A lesson on "Aviation" was very cleverly put on by Kresko and Fox, who filled in the vacancy caused by the illness of John Hamlin, and their turn was very much enjoyed.

A short sketch with Miss Forbes as "A Wild Rose" was a splendid piece of work and elicited the heartiest applause from the audience.

Roche and Crawford are good comedians and singers and were responsible for some of the cleverness which came to the sides of those who were present.

The Pollard Opera company was the main feature of the evening and was one that was thoroughly enjoyed. The amusing business of Queenie Williams and Teddy McNamara was such as to keep the whole audience in a continual roar of laughter while the dancing of the company was such as is seldom seen, taken as a whole. It was a thoroughly meritorious act, presented and the broad grins were still manifest on many countenances as the audience filed out upon the street.

WORLD'S RECORD IN HOSPITAL.

Winnipeg, Dec. 3.—Three caesarian operations have been performed within five days at the Winnipeg general hospital. This, it is said at the hospital, is a world's record in regard to this operation. The operations were all performed by Dr. D. H. McCalman and the hospital staff. The first operation was on Nov. 25, the second Nov. 27, and the third Nov. 29.

TO ANSWER CHARGE IN CANADA.

New York, Dec. 3.—Merwin Shaw, the young clerk who is accused of having embezzled $740 while employed in the Toronto office of Swift & Co., packers, when arraigned before United States Commissioner Shields yesterday waived extradition and consented to return to Canada to answer the charge. Shaw was committed to the Tombs to await the coming of officers from Toronto.

NURSE FOUND GUILTY.

Moose Jaw, Dec. 3.—After an absence of five hours, the jury returned to the court and gave a verdict of guilty in the case of Mrs. Jane Caldwell, nurse, of complicity in the murder of Mrs. Greenman's illegitimate child. Mr. Justice Newlands then passed sentence on her and Mrs. Greenman, namely ten years each.

SEEKS NEW MANAGER.

Calgary, Dec. 3.—Though little is being said with regards to the announcement of the Bronks for next year, Sam Savage is not idle. Sam has had another change of mind. Some time ago he announced that he would sell the club. When other parties began to negotiate Sam announced that he would keep the club. Next he announced that he would take in four or five partners on equal shares, and this now seems to be his plan.

One thing is certain, there is going to be a complete upheaval among the local players. Savage is now negotiating with two men who have won reputations in Class A and Class AA leagues, though their names are not yet ready to be announced. If suitable terms can be arranged it is likely that one of the best known players in the east league who has had big league experience and also experience as a manager will be given th job of piloting the Bronks next year and a free hand in getting his team together.

TO END "PEG" BOXING.

Winnipeg, Dec. 3.—It was announced from police headquarters yesterday that they had been instructed to put a ban on any more professional boxing exhibitions in Winnipeg. They claim that though the game had been kept pretty clean here, that it is undesirable, particularly on account of the fatality at Calgary last summer, when Luther McCarthy was killed.

SPORT

Pastor Paul Kotterman is suing 15 residents of Lilly, Pa., for $200,000 for alleged slanderous remarks.

HEADS NEWARK CLUB.

News of the Markets

Winnipeg, Dec. 3.—The Winnipeg wheat market yesterday opened steady on indifferent Liverpool cables, weakening slightly following opening on the heavy receipts and closing of navigation. Later prices improved in sympathy with Americans which were strong on the reports of probable damage by the hessian fly in Illinois, Kansas and Nebraska declining at close.

Winnipeg opened 1-8c higher to 1-8 lower and closed unchanged to ¼ lower. Minneapolis opened unchanged and closed unchanged to ¾ higher.

Chicago opened unchanged and closed 1-8 to 7-8 higher.

The cash demand for spot wheat was fair for 1, 2 and 3 northern and for oats and flax, while offerings of all grains were heavy. Exporters were buying principally to fill space.

Cash wheat closed ½ to 5-8 lower for contract grades.

Cash oats closed unchanged to 1-8 higher. Cash flax closed ¼ lower for both grades.

Cash barley closed unchanged.

Today's inspections totalled 1,873 cars, which breaks all previous records for one day. The previous record was 1,739 cars on Sept 30. In sight were 1200 cars.

Grain inspection:—

Toronto, Dec. 3.—The Toronto stock market showed some sig ——provement yesterday. Brokers were hopeful that this would continue. Improvement was not reflected so much in price advances as in a real demand for some stocks and the replacing of bids which have recently been conspicious by their absence. City showed considerable activity. MacKay common advanced to 79¼ and there was scattered buying of the preferred shares also. Twin City sold 104¾ and 105 for over 500 shares. Brazilian was finer, advancing to 86½ during the morning and closing at 56. Steel corporation shares, which dropped yesterday rallied to 40½. General electrics bonus spurt appeared to be over. Only two shares sold at 107½ with 107 the best bid for more.

New York, Dec. 3.—More business was done in the first hour of yesterday's stock market than during the past few days. During the foreno the market led by the coalers displayed a degree of strength and activity such as has not been seen often of late. Some of the favori stocks were purchased in large blocks, and there was a substantial rise in prices which embaraced most of the representative shares. In the afternoon trading became quiet and gains were scaled down by profit taking. There was no important change in the conditions to explain continued activity on the long side. Additional railroad reports were received showing large decreases in earnings. The November recor of business failures disclosed an increase in number and liabilities. This market was called upon to absorb moderate offerings for the London account. President Wilson message to congress was read after the vigorous upward movement of the day had come to an end the market made little response to it. Though tendency thereafter was steadily down Wall streets interests in the message was lessen fact that discussion of the trust question was reserved sequent time.

The bond market was firm. Total sales par value $1,525,000.

U. S. bonds unchanged on call.

Montreal, Dec. 3.—The tendency of the local stock market yesterday was slightly forward but the movement lacked aggressiveness and settlement still appeared to be hesitating as to whether or not to advance.

Business continued light and a smaller volume of the activity in power brought the days transactions some 1500 shares below the total of the previous day.

Leading issues generally closed higher; Among some of the inactive stocks prices moved irregularly. Power again held the chief attention of the market rising ½ point above the previous high for the movement of 215½. Closing bid went out at 215 5-8 or up 3-4 from Monday's level. A firmer tone in Brazilian. C. P. R. and Iron came with the advance in power. Brazilian was strong at 86 748 in the morning C. P. R. sold 224¼ or about 1 higher.

Chicago, Dec. 3.—Cattle receipts 7,000 market slow. Beeves 640 to 950. Texas steers 665 to 770; Stockers and feeders 480 to 740; Cows and heifers 390 to 815; Calves 700 to 1100.

Hogs receipts 33,000 market unsettled; Light 715 to 770. Mixed 790. Heavy 745 to 795. Rough 745 to 740; Pigs 500 to 710. Bulk sales 755 to 775. Sheep receipts 16,000 market strong; Native 400 to 525; Yearlings 525 to 675.

New York, Dec. 3.—Copper quiet standard spot to Jany 1400 to 1425. Electric 1475 to 1500. Lake 1500 to 1550. Nominal casting 1425 to 1455. London steady spot $65,15s. Futures $64 10s.

Tin weak spot and Dec. 3850 to 3900. Jany 3875 to 3900 Feby 3875 to 3925. London firm spot $176,7s. Futures $177.-10s.

Lead easy 405 to 415; London $17,15s Spelter quiet 515 to 525; London $20,12s 6d.

Iron irregular: 1 Nor 1525 to 1575; 2 Nor 1500 to 1550; 1 Southern 1500 to 1550; 1 Southern soft 1525 to 1550; Cleveland warrants in London 47s 11½d.

tine and green bugs in Texas brought

Chicago, Dec. 3.—Black rust in Argenabout a bulge yesterday in the wheat market. Only a part of the effect, however, was lasting, the close being weak at an advance of 1-8 to ¼ net. Oats finished the same as last night to ¼ to 5-8 up. One of the largest houses in the wheat trade had direct cables telling of a general spread of the black rust in the central sections of Argentine. Damage from the green bugs in Texas was declared to be manifesting itself in some of the largest producing countries. Besides there were increasing complaints of hessian fly in Illinois, Michigan and Ohio. Despite bearish rections, especially one shortly after the opening and another just before the close, prices at no time went under last night's figures. Export sales had a sustaining influence and so did a tightening on the holdings of soft winter grades in all winter crop centres. In addition, crop advices from India were adverse, receipts northwest of here were exceptionally small and th world's available supply showed a substantial falling off.

Elevator interests were after oats. The method pursued, the buying of Dec and selling of May was not, though, of a disturbing character.

Oakland, Cal., has raised the price of saloon licenses to $1,000 each.

STARTING THE DAY RIGHT

Do you begin the day with a "grouch"? Are you tired in the mornings? Do you fail to benefit by the restorative influence of sleep, which should make good the energy and vitality consumed by the day's work?

Then you are rapidly becoming bankrupt so far as health is concerned. You should look to your habits of eating, make sure that you get lots of fresh air in your sleeping apartments, and restore wasted vitality by using Dr. Chase's Nerve Food.

This great food cure does not induce sleep by any drugging effect, but when you have been using it for a few days and get the nervous system into condition you find yourself resting and sleeping naturally and healthfully. By keeping up this restorative treatment you will be able to make good the waste and fill the exhausted nervous system with new vigor and energy. This means thorough cure of such symptoms as headache, sleeplessness, indigestion and tired, listless feelings.

STREET RAILWAY NOTES

The traffic returns of the street railway department for the month of November indicate that over 33,000 more passengers were carried than during the month of October. The receipts also increased over $1,500. A comparison of the two months, with November of 1912 is as follows:

	Passengers	Receipts
November, 1913 ..	1,264,501	$51,443.86
October, 1913 ...	1,231,447	49,898.17
November, 1912 ..	1,106,414	44,448.70

This record indicates that since the completion of the permanent tracks and the commencement of a faster service the cars are being better patronized and the results are shown in the above comparisons.

The street cars were operated on Monday without any interruptions to the service. The schedule is daily improving and the men are becoming more familiar with their various runs as well as the time they are expected to make.

The department has placed a watchman at the corner of Twenty-first street and Nelson avenue, where the street railway crosses the railroad tracks. Another watchman is placed at the corner of Twenty-fourth and Stephen avenue at the crossing. Arrangements are also being made for the placing of a watchman at the crossing at the corner of Twenty-fourth and Stony Plain road.

An idea may be gathered of the increased service now given by the street railway from the observations taken by the watchman at the corner of Twenty-fourth and Stephen. One year ago 85 cars passed over this crossing in one day. Yesterday the watchman on duty counted no less than 275 street cars.

A brand new diamond for the crossing at First street, over the C.N.R. tracks, is being put in place today by the street railway department. The interesting feature about this is that this entire diamond has been manufactured in the shops of the department during the past six weeks. With a well-equipped machine shop it is possible for the department to make many special pieces when urgently required, thus saving many delays in ordering from long distances.

The number of persons killed by lightning in the United States during a year averages nearly 600; about 4,000 cattle are killed, and annual damage by lightning is $3,000,000.

ALBERTA'S DAY A FINE SUCCESS AT SHOW IN CHICAGO

Edmonton Especially is Very Much in the Limelight at Land Exhibit.

DUNCAN MARSHALL GIVES AN INSTRUCTIVE ADDRESS

Industrial Commissioner Hall Speaks to Large Audience About This City.

Alberta Day was observed yesterday at the Chicago Land Show, and it proved to be a decided success. In a telegram addressed to his office in Edmonton, Industrial Commissioner Geo. M. Hall, states that Edmonton was very much in the limelight. He had prepared specially for the occasion a lot of nice souvenir badges which were distributed. These souvenirs contained the word "Edmonton," which is printed diagonally across the centre of a silk badge. On top is the word "Sunny" and below the word "Alberta."

In the lecture room of the coliseum, Mr. Hall spoke to a very large audience at 3 o'clock in the afternoon on the possibilities of Edmonton and the opportunities afforded in this district for the investment of capital. In the evening a very instructive address was delivered by Hon. Duncan Marshall, the Alberta minister of agriculture. He had his subject well in hand and brought conviction to many of those who had the privilege of hearing him tell of the wonders of "Sunny Alberta" and the crops that the farmers harvest here each year.

Industrial Commissioner Hall states in his telegram that a good crowd from Alberta is in attendance at the show and that the province will be well represented at the reception to be given tomorrow evening, by the British Empire association. He also states that Canada has a big portion of the show and the various exhibits from Canada are well received and most favorably mentioned by a large majority of those in attendance.

NEWS OF THE CITY

Live Stock and Mixed Farming—A booklet dealing with live stock and mixed farming in Alberta has just been issued by the direction of Hon. Duncan Marshall, minister of agriculture for the province.

Shakespeare and Macbeth—Those who attended the lecture given by Principal Dyde of Robertson college, in the First Presbyterian church, spent a most enjoyable evening. The subject of the lecture was "Shakespeare and Macbeth." John A. McDougall presided. Miss Nannie Strachan rendered two solos in her usual brilliant style, Professor Watts being the accompanist.

Election in Beverley—Great interest is being taken in Beverley village in the approaching municipal elections. At the meeting held on Monday the following were nominated: G. C. Bergman, T. Booker, T. R. Dando, W. Hosking, A. E. Howard, N. Rotter, B. C. Simpson, R. Walker and J. T. Wilson.

Fire at Lyons' Store—Nos. 1 and 2 fire brigades had a quick run to the rear of the Lyons clothing store at 9922 Jasper avenue east at 11.15 last night, where an electric pressing outfit had ignited the table; the fire spreading to other inflammable material in the room. The chemical, which was at once rushed to the rear of the store, and soon had the flames under control, averting what might easily have been a very disastrous fire. Mr. Lyons stated to the Capital this morning that the damage would not exceed $200, and was fully covered by insurance.

Separate School Ratepayers—A meeting of the Edmonton Separate School ratepayers will be held in the Separate School on Thursday evening, December 4, which will be addressed by the candidates for the office of trustees.

Chartered Accountants Students—The regular meeting of the chartered accountants students' association will be held this evening at eight o'clock in Alberta college, First street. After the lecture, which will be of a very interesting nature, there will be a short business meeting. All accountants and students of accounts are urged to be present.

Tunisian Reported—The Allan liner Tunisian, has been reported 208 miles east of Cape Race yesterday. She is due in St. John Thursday night. Passengers for Edmonton will reach the city on December 9.

Inspecting the G.T.P.—Messrs. Tilly and Quinland of the passenger department of the Grand Trunk Pacific, who have been on a tour of inspection over the company's line as far west as McBride, B.C., returned to the city yesterday, and left again at night for Winnipeg.

Married at Norwood Methodist Church—Wedding bells were ringing in the Norwood Methodist church yesterday, when Miss Lizzie Lalogne was united in the holy bonds of matrimony to Mr. Edward Bogiff. The Rev. W. A. Smith officiated at the ceremony.

New License District—In pursuance of the provisions of section four of the liquor license ordinance, an order-in-council, dated November 26, has been passed creating district number eleven, comprising fifty-six townships in the southern part of the province, being townships one to seven inclusive, in ranges 11 to 18 inclusive. This new license district is taken out of district No. 8.

Married at Knox Church—On Monday, December 1 at Knox church manse, south side, the Rev. E. McGougan, M.A., united in marriage Ethel Dahl, eldest daughter of Mr. and Mrs. Wm. D. Dahll, of 207 Main street south, and Walter Ervin, of Stanger, Alta. Mr. and Mrs. Erwin will make their home at Stanger.

Broke Through Roadway—While proceeding along the lane at the rear of Jasper avenue, between First street and Howard ave., a heavily loaded coal wagon belonging to the Great West Coal company broke through the roadway, which had recently been filled in. The wagon broke through as far as the axle, and considerable trouble was experienced in getting it out again.

Highlands Curling Club—A meeting of the Highlands Curling club will be held in the rink on Thursday night, Dec. 4, at eight o'clock. Election of officers and other business will occupy the attention of the members.

A.O.F. Officers—At a meeting of Court Beaver A.O.F., held last night, the following officers were elected for the ensuing year: Chief ranger, Br. T. W. Pinchback; sub chief ranger, Br. W. H. Hope; secretary, Br. J. W. Hinds; treasurer, Br. Atkins; senior woodward, Br. Sewell; junior woodward, Br. Sinlnton; senior beadle, Br. Sewell, jr.; junior beadle, Br. Weller.

Athletic Meet Postponed—The indoor athletic meet which was to have taken place in the Y.M.C.A. gymnasium tonight has been postponed until next Monday evening at eight o'clock sharp. The program is expected to include broad jump, high jump, hop, step and jump, fifteen yard dash and rope vault. All athletes are invited to compete.

Whist Drive—A whist drive will be held in connection with the Northumberland and Durham association in Mechanics' hall, Third street, on Tuesday, December 9, commencing at eight p.m. All members are cordially invited to help make the affair a success.

Charge Withdrawn—K. M. Von Hegkamp, who was charged with securing the sum of $137 from Isaac Fruchter, by means of false pretences, was this morning dismissed by Judge Taylor, in the district court, as the complainant preferred to withdraw the charge.

Engagement Announced—The engagement is announced of Miss Margaret McFarlane, late of Glasgow, Scotland, to Mr. David Muir, of Glasgow, Scotland. The wedding will take place early in January.

Early Morning Fire—Nos. 3 and 5 companies of the Edmonton fire brigade were given a before-breakfast call this morning to the new Westwood school, which threatened for some time to go up a monument to the flames. The fire, however, which was quickly under control, due to the up-to-the-minute service of Chief Lauder and his men, did not do much damage to the main part of the building. Originating from the hoisting engine the flames had mounted the scaffolding on the exterior of the building and looked threatening until the department arrived. It was extinguished by use of the chemical. The roof the building suffered some damage.

STREET RAILWAY NOTES

The only serious trouble yesterday occurred at 8.45 in the evening, when an overhead trolley wire broke at the Bashaw Lumber company's switch. The repairs were made in 15 minutes, and only two cars on the Packing Plant line were delayed as a result.

The cars on many of the routes are still losing time during the rush hours, but Traffic Superintendent Heddon states that he expects to have many of the defects righted within the next few days.

The telephone box is being installed today at the corner of Jasper avenue and First street. When the phone is ready an inspector will be on the job all the time at this point.

LATE MARKETS

London Cattle Market.

London, Dec. 3.—Watson and Batchelor, cattle importers, report moderate supply and trade with quotations unchanged, Scotch steers are fetching 15 to 16¼c, Irish 12¼c to 15c, and best bulls 12 to 13¾c.

London, Dec. 3.—The stock market yesterday recovered after a very gloomy morning when consuls touched a low record, 71 15-16, but rebounded on buying by a government broker.

Canadian gilt-edged securities were steadier, but did not rally as hoped. Brokers are wondering whether the new dominion loan will hurt the flotation of the Toronto loan. A Tasmanian loan is to be put on the market in a few days, but the amount is not yet stated. The Stockholm city loan prospectus will be out tomorrow.

Bankers here endorse the cabled statements of Mr. H. V. Meredith, the new president of the Bank of Montreal, advising caution in enterprises and investments.

Canadian Pacifics overcame the early fall in prices. Berlin was still a buyer, though the bank rate there was not lowered. Utilities were irregular, with leading professional supporting.

The French government's small majority on the question of the amount of new loan kept Paris cautious. The bourse was more hopeful in the afternoon, the loan bill progressing more favorably. Call money was not so stringent, being quoted at 4¾ per cent. Bill rates were more steady, but not higher. There were rumors that a good deal of gold has been earmarked for the Bank of England on account of its Indian currency reserve. There was no foreign demand for yesterday's South African gold, but it is expected that the new dominion loan will give Canada additional drawing power on the gold here, either locally or through New York.

The capital flotations in London in November amounted to £14,936,000, against £16,901,000 in the same month last year. New capital calls for December, upon issues already out to total $9,000,000. Wheat was easier, the mild weather checking consumption. The wheat crop in South Australia is estimated at 19,500,000 bushels.

Liverpool Wheat.

Liverpool, Dec. 3.—(Broomhall.)—The easier closing in Winnipeg and the weakness in Buenos Ayres yesterday caused some pressure at opening, followed by a further decline on American and Canadian receipts. Cheaper Australian offers and continued favorable weather and crop prospects in Argentina.

The favorable weather in Argentina increased estimates of the surplus, favorable rains in India, and confirmed reports of a large crop in Australia, which is being offered freely, are the bearish factors of the moment.

France—Weather continues wet and reports of vermin are increasing and with the reduced acreage under wheat native offers are light.

Bunos Ayres closed yesterday wheat ⅝ to 1⅛ lower.

Chicago Wheat.

Chicago, Dec. 3.—Better weather today in Argentina and increased estimates of the yield in that country had a bearish effect on wheat. There were also denials that green bugs were doing any damage in Texas or Oklahoma. Wires from India and Australia were against the bulls, but had an offset in reports that French acreage was considered large. The opening was a shade to ⅜ lower, and there was a subsequent further decline. Oats declined under selling pressure from elevator firms who were hedging in May, while buying December. Trade otherwise was light.

Montreal Stocks.

Montreal, Que., Dec. 3.—The tone of market today was firm and steady, and showed improvement. Brazilian sold at 85½ to 86⅝, Power at 215¾ to 216, C.P.R. at 224 to 224¼, Detroit at 71, Shawinigan at 134, Canada Cement at 30½, Dominion Bridge at 116, Dominion Canners at 65, Textile at 82 to 82½, and Scotia at 78. There was considerable trading in Steel Corporation at 40¼.

Winnipeg Wheat.

Winnipeg, Dec. 3.—The market, which was steady and weak at the opening, showed strength at the closing, in sympathy with American markets. Oats were firm and flax steady. There was but a quiet demand for cash wheat in all grades, with offerings heavy, but a better export enquiry. Of much significance is the falling off of receipts, which were 1,198 inspected and 1,025 in sight.

American receipts: Minneapolis 204, Duluth 244, and Chicago 106. The weather over the west is remarkably mild, and most favorable to delivery and transportation.

Liverpool market closed ⅛ lower, Paris ½ up, Berlin ¼ lower, Budapest ½ lower and Antwerp ⅝ lower.

Winnipeg Cash Prices.

Wheat—1 Nor., 83; 2 Nor., 81; 3 Nor., 78¼. Winter wheat—No. 1, 82¾; No. 2, 70¾; No. 3, 78¼.

Oats—No. 2 C.W., 33¾; No. 3 C.W., 31¾; extra No. 1 feed, 32.

Barley—No. 3, 42¾; No. 4, 40½; feed, 37.

Prof. Burt's FREE OIL PAINTINGS Highly Praised by Throngs of People

THE FIRST DAY of this Free oil Painting distribution draws throngs of Xmas Shoppers from every section of the city, eager to make a start in saving up their sales slips to secure one of these beautiful oil paintings free. **THE ARTIST** made a convincing demonstration in the windows Tuesday, proving himself a veritable wizard of the brush—painting pictures, size 14 by 22 and 22 by 36 inches in from 5 to 8 minutes, these were highly praised by the throngs of people who stood in bewilderment fairly blocking the walks in an effort to follow the professor in the production of his pictures. Mr. Burt will be in the windows again tomorrow from 10 to 12 a.m. and 2 to 4 p.m. and every day until December 16th. Don't fail to see him tomorrow.
